Asks Million for OSR Improvements

Lamneck Submits Budget

Seeks Building For Reformatory

A $50,000,000 appropriation for new buildings and repairs at Ohio's 31 welfare institutions, including a $1,161,150 program for Mansfield reformatory, was requested today by State Welfare Director John L. Lamneck.

The budget, which went to Gov. Frank J. Lausche, includes an outlay of $26,120,000 for new construction and $23,580,532 for rehabilitation of present buildings and equipment, making a total request of $49,700,532.

According to the plans, $751,500 of the appropriation for the OSR is proposed for new building and rehabilitation. Plans include spending $185,000 in rehabilitating the cell blocks, $295,000 for an addition to the hospital; $100,000 for a new laundry building and $40,000 to rehabilitate the administration building.

The "additions and betterments" request was described by Lamneck as the bare minimum. Planned on a two-year basis, the new construction and major improvements would begin July 1.

"No large-scale building for housing of prisoners has been undertaken in Ohio for nearly 20 years," he told the governor.

PARED REQUESTS

"Realizing that the state is facing a fiscal dilemma because of urgent increasing demands and decreasing revenues," Lamneck said, "we have pared total requests of $85,584,280 made us by our divisional and institutional heads to an absolute minimum which we consider essential, to a total of 49,700,532. We had hoped to keep this minimum down to a total of $45,000,000 but have found it impossible to do so."

Included in the overall request is a new reformatory at Grafton State farm (Lorain county) to cost $6,500,000. Lamneck also urged building three new units at Lima State hospital for the criminal insane at a similar cost. These units would be for psychopathic offenders and defective delinquents. The project would enable the state to move mental cases out of prisons.

The new reformatory at Grafton would be started on 1,800 acres of state-owned ground. A prison honor camp is operated there now.

Assuming the legislature will appropriate funds for the new reformatory, Lamneck said, "we have eliminated a request of $612,000 for a new cell blocks and a two-wing addition to the industrial building at the Ohio state penitentiary, and $545,750 from the requests of the Mansfield reformatory for expansion."

The welfare director described proposed new units at Lima state hospital as "very essential for the protection of society." One for 250 women patients would be built at an estimated cost of $1,350,000.

Lamneck said the expansion program suggested for all state institutions — mental hygeine, penal and correctional — would provide for 7,675 persons. Facilities now under construction will house 2,070, making a total of 9,745, Lamneck said.

SENTENCED — Two AWOL American GI's, Pvt. George R. Jones, 22 (top), Owensboro, Ky., and Clarence F. Hill, 31, Jackson, Miss., (bottom) have been sentenced to long prison terms by Czechoslovakian authorities for alleged spy activities. The U.S. embassy in Prague has lodged a stern protest over the 'trial' and convictions.

Oklahoma Tornadoes Kill Two

Probe Ruins For Casualties

CANTON, Okla. — (AP) — Oklahoma's spring weather ran beserk today and exploded in tornadoes that ground down two towns and ripped through part of a third.

Canton, Longdale and Blackwell were hit.

Two bodies were found in the ruins of Canton and Longdale, and the total known injured in all three communities is 12. Rescue workers said the full casualty list will almost certainly be greater. Property damage was high.

The first tornado started in the farmlands southwest of here ripping open some isolated ranch buildings. It smashed into Canton, a town of 1,200 and went right through the home and business sections.

Moments later it crashed into little Longdale, located seven miles northeast of here with 400 people.

STRIKES AGAIN

Less than three hours after another twister of lighter force struck the south side of Blackwell, population 12,000, and injured five. The Canton area is 75 miles northwest of Oklahoma City, and Blackwell is near the north central border.

"This town looks like it had been ground in a sieve," said the first state patrolman who reached Canton. "It's ripped to bits."

The two dead were 12-year-old Larry Arnold, son of a widow storekeeper at Longdale, and Charles Stowers, 32, Canton.

The Canton twister knocked out lights, power and telephones, and all through the early morning hours rescue work went in the fitful light of auto headlamps and flashlights.

"Longdale was almost blown away," said Nova Jean Schiska, 17-year-old telephone operator who manned her switchboard after the tornado.

Mercury Reaches 69

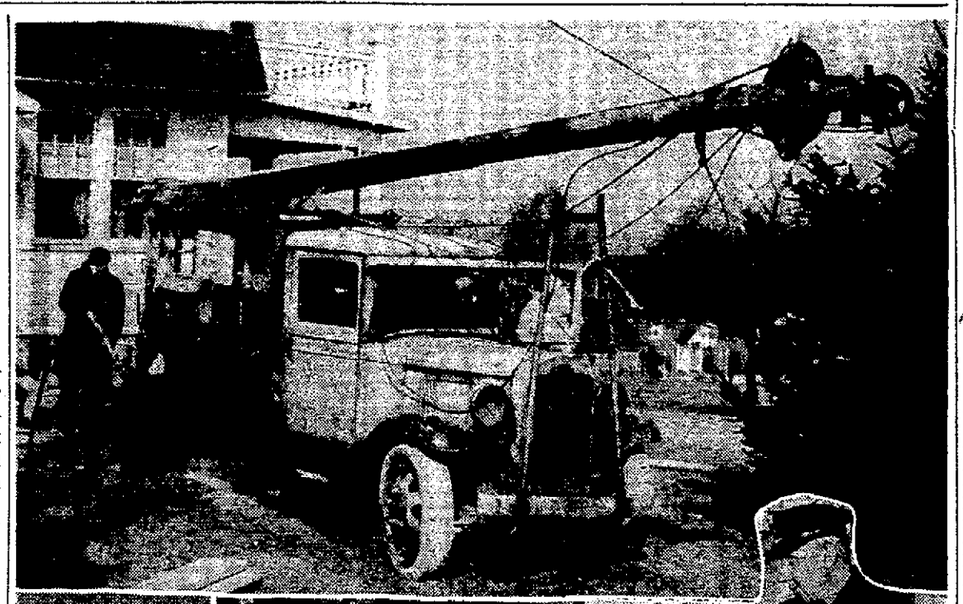
Mansfield temperatures zoomed to 69 yesterday afternoon to make it the warmest day this year. However, as temperatures fell to a low of 40 early this morning, the weatherman warned cooler weather was on the way.

The forecast is for cloudy and cooler weather today with showers tonight, ending Thursday. Thursday will be colder, the weatherman said. Despite the forecast, temperatures in Mansfield were above the 55 mark and still rising at noon today.

It was summer all over the state yesterday as temperatures rose into the 70's in most places. Cleveland and Columbus were the warmest spots in the state with a high of 73. Toledo had 72, Cincinnati 71, and Dayton 69.

This morning it was already 70 in Cincinnati and 63 in Columbus.

But the forecaster had a discouraging word for those who hope spring is here to stay. He pointed out freezing temperatures and snow still can plague the state. As much as seven inches of snow has fallen in Cleveland as late as April 6 and measurable amounts of snow as late as May 10, he added.



SCENE OF TRAGEDY—The well-drilling machine which brought death to two employes of the Saltzgaber Drilling company is shown above. Calvin F. Stiffler, a superintendent of the firm, and Lester Eugene Clark were killed when the boom of the machine struck a power line near Memorial Park west of the city this morning. Well Drillers Killed Near Memorial Park

By NITA BRANSON

Two Mansfield men were killed instantly at 9 a. m. today when the boom of the well-drilling machine they were operating on Harding Heights struck a high-tension wire.

The victims were Calvin Franklin Stiffler, 57, of Hanley road, and Lester Eugene Clark, 25, of 109 South Willis avenue, a World War II veteran.

Dr. D. C. Lavender, Richland county coroner, ruled the deaths accidental due to electrocution. R. D. Iden, of the Ohio Public Service company, said 4,000 volts passed through their bodies.

The victims, employes of the Saltzgaber Well Drilling company, had completed drilling a well at the home of Carl Millington, Harding Heights, and were preparing to move the equipment when the accident occurred. Harding Heights is a newly-developed section on Park avenue west road near Memorial Park.

Dr. Lavender said the inhalator was used on one of the men for a short time but both died instantly and could not be revived.

A large dog was killed when it touched the charged machine.

Clark was operating the crank which controls the boom when it struck the wire. He slumped to the ground. Stiffler, standing nearby, saw Clark fall, according to Millington, who was watching, and grabbed the cable of the truck. He died instantly.

"I think he must have thought something had gone wrong with the machine," Millington said.

Millington himself refrained from touching the truck only because he saw sparks fly out of the front of the boom, he said.

"If I hadn't seen those sparks, I'd have got it myself," he said.

The instant the boom touched the wire, electric current went off in all the homes of that area. The Ohio Public Service company was called but it was about 20 minutes before workers arrived and cut the high tension wire, allowing the bodies to be removed.

At 10 a. m. the big rear tires on the drilling machine were still smoking from the charge.

When the accident occurred, Millington ran to the side yard at his home and called a neighbor, P. W. Fouts. Fouts ran to the scene of the accident followed by his dog.

DOG TOUCHES TRUCK

"Before I could call my dog away, he had run up to the truck and touched the running board of the truck-mounted machine with his nose. He was killed instantly, too," Fouts said.

Firemen from Mansfield's Central station and Ontario's volunteer department hurried to the scene, but there was little they

Bellville Man Killed By Tractor

Harold VanAntwerp Dies In Mishap

A 56-year-old Bellville farmer was crushed to death Tuesday afternoon when his tractor over turned in a ditch on his farm three miles south of Bellville, pinning him under the vehicle.

The victim, Harold VanAntwerp, a recent resident of Cleveland, was found by his son-in-law, Raymond Downie. Coroner D. C. Lavender pronounced death due to suffocation. The body was found about 4 p.m.

Sheriff's deputies who also were called to the scene, said there were no witnesses to the accident, but it was believed Mr. Van Antwerp attempted a turn close to a ditch while plowing. The tractor was thrown off balance and turned over.

Born in Mansfield, Mr. Van Antwerp had spent most of his life in Cleveland. He retired to his Bellville farm three years ago.

Surviving are his wife, Louise; two daughters, Mrs. Barbara Downie and Ruth Louise, both of the home; one brother, Nelson of Tulsa, Okla., and two grandchildren.

The body was removed to the Snyder funeral home in Bellville where services will be held at 2 p.m. Friday. Rev. John Barry, pastor of the Christian church of Bellville. Burial will be in Bellville cemetery. Friends may call at the funeral home.

See Rental Crackdown

Claim Bill Hits At Black Market

WASHINGTON — (AP) — Capitol hill heard predictions today that the new rent control extender will set off a government crackdown on a rent "black market."

President Truman was expected to sign, in plenty of time, the "home rule" legislation that continues rent controls for another 15 months.

Congress late yesterday tossed the new compromise bill to the White House by overwhelming votes. Then:

1. Rep. Patman (D.-Tex.) said it will mean a "rollback of illegal rents," as well as increased rents on some properties where landlords are not now showing a profit. He said it will put an end to the rent "blackmarket" that Tighe Woods, rent administrator, reported to be growing throughtout the country.

2. House Democratic leader McCormack (Mass) said in his opinion there won't be any big increase in rent for anyone, and most rents probably won't be increased at all.

3. Paul V. Betters, executive director of the U. S. Conference of Mayors, predicted no major city will drop rent controls under the "home rule" provisions of the bill, that allows states or localities to throw off the controls.

Reds Order New 'Shuffle'

LONDON — (INS) — Marshal Vassily D. Sokolovsky, Soviet military governor of Germany who enforced the Berlin blockade with an iron hand, today took over as Russia's first deputy minister of armed forces.

The elevation of Sokolovsky, who is 50, to the number two spot in the U. S. S. R.'s military hierarchy was announced last night by Moscow Radio.

Simultaneously, it was disclosed that Vassily I. Chuikov, 48, military governor of Germany is Gen. Vassily I. Chuikov, 4, military administrator of the German state of Thuringia.

Margin Law Has Little Effect

Early Trading Fast But Market Steadies

NEW YORK—(AP)—An early burst of activity in the stock market spent itself less than an hour after it started and left prices with only minor changes today.

Gains and losses were thoroughly scrambled.

Today was the market's first experience with the new margin requirement of 50 per cent cash. The news of the reduction from 75 per cent circulated throughout the country yesterday and sparked one of the largest overall advances in the past year.

Higher were Republic Steel, Woolworth, Firestone, International Harvester, Boeing, Schenley, Pepsi-Cola, Consolidated Edison, American Smelting, DuPont.

Johns-Manville, Radio Corporation, Santa Fe, N.Y. Central, Chesapeake & Ohio, Nickel Plate, Superior Oil of California, and Loew's also ranged upwards.

On the minus side were U. S. Steel, Bethlehem Steel, General Motors, Chrysler, Montgomery Ward, Douglas Aircraft, Consolidated Natural Gas, International Nickel, American Can, Union Carbide, Eastman Kodak, Illinois Central, Standard Oil (NJ), Houston Oil, and Paramount Pictures.

100 Warships Will Join In Maneuvers

LONDON — (INS) — Naval circles said today that about 100 warships of Britain, France, Belgium and Holland will participate in combined defense exercises this June.

The maneuvers will reportedly take place in the channel.

Investigate U. S. Officer

FRANKFURT — (UP) — U. S. Air Force headquarters announced today that Maj. Gen. Clayton L. Bissell, former assistant army chief of staff, has been charged under the Articles of War and may be court-martialled.

The announcement said Bissell's alleged acts while military and air attache at the U. S. embassy in London were being investigated to determine whether he should be brought before a court martial.

Bissell has arrived in Europe for the investigation the announcement said. The only article of war mentioned in the air force statement was 46-B, which provides for a pre-trial investigation.

Under army regulations, a charge is preferred before such an investigation. However, there was no indication of the nature of the charge against Bissell.

Women Top Fund Goal

Red Cross Drive Still $4,000 Short

Despite incomplete returns to date, the women's division of the Red Cross campaign organization has gone 'over the top,' it has been announced.

Mrs. Richard Risser, chairman of the division reported a total of $12,862.01 with a quota of $12,860. This brings the total campaign receipts to $44,223.15, including $6,370.56 from Shelby.

Ward two had also completed its canvassing and reported receipts at $2,214.51 with a quota of $2,165. Mrs. R. L. Hoff was the chairman.

Two more precincts, over the top, added their reports to the above. Mrs. Paul Stoodt turned in $711 from precinct F in the Fifth ward with a quota of $705. Mrs. Dwight McCullough reported that volunteers in Precinct K, First ward, had collected $120. The quota was $110.

One more business concern, The Marquis Printing company, was added to the 100 per cent list.

Trial Postponed In Draft Evasion Case

CINCINNATI —(INS)—The trial of two Wilmington college students indicted on charges of evading the draft had been postponed today until April 5.

The two youths said they refused to register for the peacetime conscription for religious reasons.

Reveal New Health Plan

WASHINGTON — (INS) — Five senators today sponsored a "voluntary health insurance" bill designed to bring hospital and medical care within the reach of every American.

The nine-point program was introduced by Sen. Hill (D) Ala., and co-sponsored by Sens. O'Conor (D) Md., Aiken (R) Vt., Withers (D) Ky., and Morse (R) Ore.

Under the plan, all persons able to pay subscription charges, particularly those in rural areas, would be encouraged to enroll in voluntary prepayment health insurance programs.

Medical and hospital care would be made available to persons unable to pay the costs, through government supported membership in non-profit prepayment plans.

These persons would be issued service cards entitling them to the same type and quality of service provided regular subscribers.

Launches Probe Of Pyramid Clubs

IRONTON —(AP)— Police Chief Garland Wileman said today he was making an inquiry into "Pyramid Clubs" reported operating here. He said he would try to determine if professional promoters are sponsoring the clubs.

The chief started his inquiry after he received calls from women asking if it was legal for them to join the groups.

Water Rising In Reservoir At Clear Fork

Water was flowing into the city's Clear Fork reservoir, today, but city officials had no idea how long it will take to fill the 1,000-acre lake.

"It could take two weeks, two months, or two years," said a spokesman for the city engineering department. The amount of rainfall will be the deciding factor, he said.

County Engineer Walter E. Rusk said today his department is planning to remove its bridge over Anderson Creek on State Route 545 early next week.

That area will be flooded when the reservoir fills.

State Route 545 will be closed to traffic, after the bridge is removed, from Aten road to Bowers road.

At the present time traffic that normally used that section of Route 545 is using a detour over

Slayer Keeps Cheerful Air

MILWAUKEE —(UP)— Milton Babich, 19, is maintaining a "cheerful calm" while awaiting trial on charges that he slew Patricia Birmingham, 16, to silence her about her sister's pregnancy, jailers said today.

Babich apparently is not suffering as deep a sense of shame over the killing as he did when remorse drove him to try to pledge Patricia to secrecy about the fact that her sister Kathleen, 17, was carrying his child out of wedlock, officers said.

"He eats well, reads a lot of magazines in his cell and generally is quite cheerful," a Milwaukee county jail turnkey said.

Southern Dems Join GOP On Labor Bill

Dixie Leaders Claim 20-Vote 'Edge' In T-H Fight

WASHINGTON — (UP) — Southern Democratic leaders claimed today they can muster a majority in the House to block the administration's drive for repeal of the Taft-Hartley act.

"We can lick them by about 20 votes all along the line," a top Dixie legislator said. He asked that his name be withheld because "we are still formulating our strategy."

The southern Democrats reportedly were ready to throw their strength behind a bill drawn up by Rep. John S. Wood, D., Ga. It would keep the Taft-Hartley act on the statute books with a few relatively minor amendments.

The southern Democrats believe they can revive their old coalition with the Republicans on the basis of the Woodbill. If the two groups stand solidly together, they have the strength to determine the course of House labor legislation.

Administration leaders scoffed at the southern claims of a majority against Taft-Hartley repeal. But they conceded that their own bill is almost certain to carry many Taft-Hartley provisions when debate is concluded.

The administration's bill is now before the House Rules committee. It would repeal the Taft-Hartley law and reenact the old Wagner act with amendments to restrict jurisdictional strikes, secondary boycotts and strikes that threaten the public health and safety.

Some southern Democrats said it is possible the House may never even vote on the administration's bill. They based this statement on the expectation that the rules committee will write a trick rule for the measure.

Such a rule would force the House to vote on Wood's bill before it got around to voting on the administration's measure. An affirmative vote on the Wood proposal would preclude any consideration of the latter.

Declares Truman Wrong, Realty Lobby No Danger to U. S. Homes

MR. TRUMAN overspoke himself in his misrepresentation of the case against rent control. In a speech to the conference of mayors, he said the landlords of the nation would be willing to break up thousands of homes and that the "real estate lobby," an imaginary organization which has a right to exist but doesn't exist, had become an enemy of the American home.

There has been no enemy of the American home comparable in evil power to divorce and no other influential group in American history has set a worse example in the matter of divorce than the political regime of which he is now the titular head. It was not lack of adequate, even luxurious, living quarters which broke up those prominent homes and set a bad example, but lack of character.

And when the fact is considered that divorces rose to more than one-third of the current marriages in the immediate postwar period and have steadied again at about one-third as the normal rate, it becomes plain that Mr. Truman is not at all concerned with the disruption of homes.

If he had been concerned, he would have attacked unnecessary divorce and the consequent neglect of children and the impairment of their morals.

There is no evidence that any considerable number of homes have been broken up by the greed of landlords. Of those cases which Truman and his socialist advisers might arbitrarily attribute to housing problems it is reasonable to argue that a large proportion were divorce cases primarily, involving people who would not have got along together in the best of houses.

★

THIS is not intended to be a discussion of the subject of divorce, but any man who professes to be stirred by the breakage of homes must speak of the first cause first or impugn his own honesty.

The campaign against the fictitious "real estate lobby" will refnind us all that landlords have the same right to petition Congress that unions have and that the lobby which has been most active in this situation is the union lobby.

This vast corruption has more money to spend on politics than any other force in the history of popular government. Truman's administration has fought to maintain that corrupt power in the hands of ruthless and ignorant men because this lobby is an adjunct of his party and his administration.

It was the union lobby which set up the straw-man of the "landlords' lobby." The principal purpose was to conceal the fact that unions themselves have been more responsible for the housing shortage than any other factor except rent control.

Union mock-work, fake-work and featherbed rules including portal-to-portal extortions and overtime frauds, first authorized by Roosevelt, have driven up the cost of building labor by at least 50 per cent.

Truman had the effrontery to complain that the removal of rent controls would increase by 10 or 20 per cent the living costs of the parasites who are in the first place responsible for the shortage of rental properties.

"Lobbying" is an innocent term of sinister origin. In the first place it meant the activities of bribe-givers who put through various grabs for public utilities, including rights of way for railroads and city transportation, gas and electric lines and franchises.

Lobbying is, in the respectable sense of the word, simply the presentation to Congress of the arguments and interests of the parties who employ the lobbyists. It is the exercise of the right of petition.

26 Graduate As Auxiliary Patrolmen

Unit Boosted to 56 By New Class

Twenty-six Legionnaires of the Mansfield area pledged to serve as emergency and disaster "minute men" for Richland county communities last night as they were graduated in the post-war class of auxiliary highway patrolmen.

Ceremonies were held at the American Legion home. The new course of instruction, conducted once a week since Dec. 1, has been under the supervision of Cpl. J. L. Bishop, head of the Mansfield State Highway Patrol post.

Cpl. Bishop said the new class brings the strength of the auxiliary unit to 56 trained men. Twenty active members of the original auxiliary are included.

Leo J. Robinson of Bellville was elected captain and commanding officer of the group following graduation. Robinson is a member of the original auxiliary force. Other officers to serve with him include:

Lieutenants, Hollis D. Moorhead and Mervin Grau, both of Mansfield; Sergeants, Roger Moss of Bellville and Clarence Pollock jr. of Mansfield; and Corporals Cecil V. Schill of Mansfield, Edward Bodkins, Shelby; Howard Newman, Mansfield, and GeorgeDurbin of Bellville.

Moorhead, Schill and Newman also are members of the original group. Other officers are members of the new class.

Other graduates included: Jimmie C. Davis, John H. Eisaman jr., Edgar Hackworth, Richard L. Hecht, Robert R. Johnson, Edward P. Kipp, Buddy A. Kodger, Richard Leech, Gerald Wing, Harvey Lisle, Bernard Lux, Russell Miller, Charles Mishey, Frank Mitsch jr., Daryle Mong, Earl Roth, John Schneider, Fred Sells, Raymond Spicer, George Stoodt and James Zeigler.

ORGANIZES GROUP

Retiring Capt. George C. Kahl of Mansfield, organized the group and conducted the school. Cpl. Bishop supervised the school and all instruction was conducted by Patrolman S. W. Lucas of the Mansfield patrol post.

Cpl. Bishop said all men in the auxiliary have been selected by the American Legion post and by the patrol as outstanding members of the Legion and will serve without pay. All have agreed to report for duty, whatever the hour and whenever needed.

Instructions in the school covered 18 different subjects, seven of which were: area and point control of traffic, first aid, bill of rights and laws of arrest, criminal statutes, control of emergencies and disaster, identification of bodies of disaster victims and control of panic.

Cpl. Bishop said the training and organization of the class was a carry-over from the original auxiliary highway patrol, organized and created at the beginning of World War II to augment and bolster the strength of the highway patrol when many of the patrolmen were called to service. The auxiliary unit will assist local officials in case of serious fires, floods, tornadoes or other disasters.

Bishop said most of the Mansfield group is planning to attend the annual state convention of the auxiliary state patrol, to be held Saturday and Sunday in Columbus.

C. OF C. WINS PRAISE—

The Mansfield Chamber of Commerce got a pat on the back from Peter Greenough, staff writer for the Cleveland Plain Dealer, in a story today. Greenough, who attended the Chamber of Commerce dinner here in January, wrote of a C. of C. dinner in Elyria last night. In describing the Elyria affair, he called it "only a pale carbon copy of Mansfield's annual civic party which draws twice as many." The Elyria dinner was attended by 1,059, compared with the crowd of more than 2,000 which attended Mansfield's event. Both dinners were held in skating arenas with programs of entertainment and speeches.

Announce Ceremony At Port

Invite Lausche To Attend

Ground-breaking ceremonies for the new million-dollar military installation at municipal airport are planned for April 11, Mayor Roy W. Vaughn announced today.

Vaughn said the event will be followed by luncheon at the airport's Sky club that date.

Capt. William O. Ash, 164th Air National Guard Fighter Squadron commander, said yesterday Mayor Vaughn would attend, along with other city officials. Invitations also are going to be sent to Gov. Frank J. Lausche and the commanding general of the 55th Fighter Wing at Lockbourne Air Base in Columbus, Capt. Ash said.

Six ultra modern buildings, including an administration building and hangar, are to be constructed, as well as crash truck and storage buildings.

The hangar will provide 23,000 square feet of storage place for planes. It also will house adjoining shops, including a carpenter shop, radio shop, instrument shop, a machine shop, locker rooms, offices and laboratories essential to the operation.

The installation will occupy 21 acres of the airport property immediately to the west and north of old State Route 13, and bounded on the south by Route 13-A detour around the port.

Three contracts for the construction of the major buildings have been let to Friebel and Hartman, Shelby contractors.

Seek to Halt Assessments

Property Owners Balk At Street Project

Madison township trustees and three county officials were named yesterday in an action filed in common pleas court by Stewart L. and Mable Staples, seeking to restrain the officials from collecting from them for improvements to Geddes street.

Named defendants were the trustees, W. F. Beam, Frank R. Tingley, and C. M. Chatlain, and County Auditor Norman L. Wolfe, Treasurer Charles C. Payne and Engineer Walter E. Rusk.

The trustees passed a resolution calling for grading, draining and resurfacing the road, with cost to be assessed against property owners, the plaintiffs said. Their property fronts 350 feet on the street.

They add that Rusk made a tentative apportionment of amounts to be paid by landowners and they filed objections of their assessment of $300. Notwithstanding their objections, the trustees approved the assessment and had it placed on the tax duplicate, the petition states. The plaintiff said that Wolfe placed the assessment on the duplicate which now is in the hands of Payne.

The Staples contend the assessment was illegal because it was computed on the basis of abutting foot and there was not a fair and equitable basis of assessment. They said they paid $33 on Feb. 20, under protest, and added that Payne is about to collect full amount of the assessment, $300, at demand of the trustees.

Group to Hold Luncheon

Members of the Farm Bureau Home and Community committee will attend a luncheon meeting at the Sky club Thursday noon.

Representatives from all the townships and from all Farm Bureau advisory councils in the county are expected to attend the meeting.

Following the luncheon, the group will hear reports of committees who are investigating the county school situation, the county health program, and the rural telephone program.

The Home and Community committee is working on projects to raise the standard of living in rural Richland county.

Mrs. Helen Griebling of near Lexington is chairman of the luncheon meeting.

15 Seeking Citizenship

Petitions Filed By Area Persons

Petitions for citizenship were filed yesterday and Monday by 15 Richland county residents with examiners of the Bureau of Immigration and Naturalization, Clerk of Courts Howard Wenning said.

They appeared in common pleas courtroom with two witnesses, who signed affidavits as to the character and qualifications for citizenship of the applicants.

Oral examinations were given by V. P. Rosenecker and Marvin E. Denekas, examiners from the Cleveland office of the bureau. On grading of the examinations, those who pass will be instructed to appear before Common Pleas Judge G. E. Kalbfleisch on May 4.

At that time, one of the examiners will present the applicants to the judge as eligible for citizenship. The applicants will take the oath of allegiance and receive a certificate of naturalization.

Those who filed their petition during the past two days, and their country of origin, follow:

Death Claims Hugo Stimmler

Hugo Stimmler sr., 62, of 627 Bowman street, died Tuesday afternoon at General hospital after a brief illness.

Mr. Stimmler was born in Austria-Hungary April 17, 1886, coming to America and Mansfield in 1910. He owned and managed the Stimmler Bakery from 1922 until his retirement three years ago. Mr. Stimmler was a member of the St. Peter's Catholic church.

Surviving are his wife, Elizabeth; two sons, Hugo and Frank; two daughters, Mrs. Samuel Miles and Mrs. Frank H. Pilo and three grandchildren, all of Mansfield; two sisters, Mrs. Julianna Stanga and Mrs. Theresa Nickolas, both of Germany.

Funeral Mass will be held at St. Peter's Catholic church at 9:30 a. m. Friday with Msgr. R. C. Goebel officiating. Burial will be in the Mansfield Catholic cemetery.

Mrs. Smith Dies In California

Mansfield relatives have been informed of the death Monday in her Long Beach, Calif., home of Mrs. Mary Chatlain Smith, 40, former local resident who attended school here. Mrs. Smith was the daughter of Mr. and Mrs. Charles B. Chatlain, former Mansfielders now residing in Santa Ana, Calif. Mrs. Smith had resided in Long Beach the past eight years.

Surviving are her husband, Lysle Smith; three uncles, Orrie Robison, Byron and Chauncey Chatlain, all of Mansfield, and two aunts, Mrs. F. E. Nixon and Mrs. A. C. Forsyth, both of Mansfield. Services and burial were scheduled for this afternoon at Long Beach.

Seniors to Stage All-Night Party

Members of the June graduating class at Senior high school are going to get a chance to stay out all night June 3 without a word from Mom and Dad.

The class today announced plans for an all-night party similar to the one staged successfully by last year's class. The tained so they are less likely to become involved in traffic accidents after early-evening parties school spokesmen said.

Tom Swisher, class president, said the party details are being completed, but the program is expected to be much like the one that entertained last year's graduates.

The Richland Recreation Center has been obtained for the breakfast, which last year started about 3 p. m. and continued until dawn. Decorative scheme for the gymnasium where the dancing will be held, has been approved, but the details are being kept secret.

Miss Martha Weimer, class adviser, has been working with the committees on details.

The party will start, as last year, with a 6:30 dinner in the school cafeteria. Senior class members and faculty members will attend.

Philip Pendleton, a member of the senior class, will act as master of ceremonies for the banquet but a master of ceremonies for the dance has yet to be chosen, Swisher said.

There will be chaperons for the various phases of the party, some attending the dinner and dance and others supervising the latter part of the party.

Martha Shiplet and Harry Osbun are co-chairmen of the party and other seniors are serving on committees.

Area Reservists Go to Dayton

Plans are being made by the Army Organized Reserve office here for reservists from this area to visit Wright field at Dayton May 9 and 10.

Approximately 60 men are expected to make the trip, according to Capt. R. M. Flynn, unit instructor.

The group will attend lectures and demonstrations on guided missiles and the latest type aircraft, Capt. Flynn said.

Last Sunday 20 reservists from the area attended a pistol shoot at Marion depot.

Monday Ends Registering

Because of the light registration for the May 3 city primary, the board of elections has no plans for keeping the office open later for registration as in general elections.

Charles Innes, chairman of the board of elections, said that was done only during general elections as not enough persons turn out for registration for a primary.

Board Clerk Thomas R. Zeigler, said registrations have averaged three or four a day. The last day to register or transfer is next Monday and plans are to close at 4 p.m. that day unless registration activity steps up.

In that event, Zeigler said the board will remain open later on that day. Mansfield voters will go to the polls May 3 to nominate six Republican candidates or seven Democratic candidates, depending on their party affiliation.

Mrs. McMillen Dies At Home

Mrs. Alice McMillen, 70, wife of Alfred D. McMillen, died Tuesday afternoon at her home, 356 East Fourth street, following an extended illness.

Mrs. McMillen was born Oct. 25, 1878 in Mansfield and had spent her entire life in this community.

Surviving, besides her husband, is a daughter, Mrs. Donald Cramer of Mansfield.

The body was removed to the Wappner funeral home where services will be held at 1 p. m. Thursday conducted by Rev. Ben F. Hagelbarger, pastor of the First Christian church. Burial will be in the Mansfield cemetery.

Kentucky 'Kids' Play Basketball In Some Fashion

FRANKFORT, KY. — (UP) — Here is why Kentucky is the leading basketball state in the country.

Sen. Ray Moss, Republican floor leader, explained in a senate speech the state's claim to the high rank this way: "Kentucky is tops in basketball throughout the nation because this disease of basketball has spread like wildfire among our young folks. Every boy five years old is playing. Their equipment isn't always elaborate. Some of them play by tossing rocks in tin cans set up on fence posts But they're all basketball mad"

Moss spoke in behalf of a resolution acclaiming Owensboro, which broke three records in winning the recent high school championship, as one of the greatest teams in Kentucky history.

Triplett Up For Waivers

WEST PALM BEACH, FLA. — (AP) — The Philadelphia Athletics today placed Herman (Coaker) Triplett, 1948 International league batting champion on the waiver list.

Triplett left the A's training camp after Connie Mack informed him he would be returned to Buffalo if no major league team put in a claim at the $10,000 waiver tag The outfielder will await developments at his Boone, N. C. home

In addition to Triplett, five other players have been cut loose by Mack Outfielder Ray Coleman and shortstop Bill Demars were sent to Buffalo on option; rookies Bob Swift and Bobby Stewart headed for Savannah, Ga., and pitcher Dick Blauman received a train ticket to the club's Lincoln, Neb farm.

Galion Club Opponent at Blue Goose

By CHARLEY STINE

Baseball makes its 1949 debut on the Mansfield sport scene tomorrow when Madison high school is scheduled to open its season against the Galion Tigers. The game is set for 4 p. m. at Blue Goose park.

The contest shapes up largely as expermentation for the Rams as Coach Blaine Dowler has two or three well-matched candidates for practically every position.

Only on the mound is Dowler without a close decision to make. Here Dutch Bader, American Legion chucker for the past two years, holds forth with little opposition. He will likely be paired tomorrow with Galion's Ray Seif, another of the area's brilliant young hurlers. Seif was Galion's first string pitcher last year when only a 14-year old freshman.

INFIELD DRILLS

The Rams held their first infield drill of the season last night after Dowler cut the original 53-man squad to a workable 28. Reading from left to right, Larry Secrist, Norm Hughes, Jim Brightbill, and Joe Distl appeared to have the inside track on regular infield spots. Several are pushed hard, particularly Distl, by sophomore Marty Keipp.

Fred Durig, still listed as a third base candidate, is expected to be shifted to the outfield to make use of his powerful left-handed hitting. Other outer gardners left on the squad are Jack Bosh and Ed Chelski, both American Legion veterans, and Dick Fox, Russ Glenn and Bob Russ. Bosh and Chelski should have the inside track although Fox and Glenn are both good with the bat.

Gene Riblet is the likely catcher, having taken over the first-string receiving duties since the injury of Kenny Woerth. Woerth will be out two weeks with a split finger.

Weakest link in the chain is the lack of a second experienced pitcher to back up Bader. Four boys—Tim Nedro, Gene Yohn, Vernon Barnhill, and Jim McMillan—remain in competition for the spot. A trio of freshmen, Jerry Tallentire, Don Barr, and Bill Fletcher, may be kept for future possibilities

Others still on the squad are Infielders, Ronald Fredericks, Bill Remy, Bruce Armstrong, Leland Strang and Dean Stoffer and Catchers Mel Grimm and Bob Fox. Twenty of the 28 will be issued uniforms.

Completion of the ten-game Madison baseball schedule was announced today by Principal Wayne E. Miller. The card. March 31, Galion; April 5, Lexington; April 8, at Lucas; April 12, at North Robinson; April 15, Mansfield Senior high; April 19, Ashland; April 22, at Galion, April 26, at Lucas; April 29, at Mansfield senior high; May 2, Shelby.

Adults and students will be charged 25 cents admission for all Madison games at the Blue Goose plant.

Writer Comments On Tyger Shift

(Editor's Note: Following is an article by Loren Tibbals on the Mansfield Senior high school coaching shift which saw Jimmy Lymper, veteran mentor, replaced as Tyger baseball coach by Mike Byelene. Tibbals is a former International News Service sports editor for the state of Ohio and is now city-sports editor for the Ashland Times-Gazette.)

In our years of walking the sports beat—in Marion, Columbus, Cleveland and Ashland—we've seen coaches come and go.

During these years, we've met up with poor coaches, mediocre coaches, good coaches and excellent coaches. We've seen some zoom to the top of the coaching ladder and we've seen others tumble to the bottom.

We've never worried too much, one way or another. In the past, we haven't concerned ourself with the business of hiring or firing coaches. That, it seems to us, is the sole business of the involved institutions.

Of course, there have been times when we had a comment or two to make on such changes. We did a few paragraphs from time to time when Ohio State was changing football coaches at a fast tempo. We also did a few stories when Massillon was shifting its head coaching spot from year to year.

Today we hope to take a few moments of your time to comment on the latest development in the Mansfield Senior High athletic department.

As you may have noticed, Jimmy Lymper got the boot as the Tygers' head baseball coach last week and his duties were passed on to Mike Byelene.

There have been a number of shifts in the athletic staff at Senior High since Augie Morningstar took over nearly two years ago as head football coach and athletic director. But I doubt if any of the previous changes kicked up as much resentment as Morningstar's latest move in promoting his old high school and college football buddy into a head coaching spot.

In making some of the shifts which he has engineered, possibly Morningstar was justified. We'll not attempt to answer that.

But to kick out a tried and true veteran—such as Jimmy Lymper—and replace him with a young, inexperienced coach, Augie may have pressed his hand a little too far this time.

For the whole story which led to Lymper's dismissal it's necessary to go back to the spring of 1944 when Jim first joined the Tyger staff.

At that time he was hired as head football coach. He was scheduled to take over Paul Snyder's duties when it appeared that Paul was navy bound. Under this plan, Jim would have turned back the head coaching assignment to Snyder when the latter returned from service.

One of Lymper's first moves after going to Mansfield was to hire Fred Staub of Galion as his line coach.

However, shortly after Lymper and Staub moved to Mansfield, Snyder was reclassified and was not required to enter military service. This didn't ruffle Lymper, though, for he readily agreed to stay on as an assistant coach, as did Staub.

When Jim moved to Mansfield in 1944, the Tygers did not have a baseball team. However, he introduced the sport the following spring and proceeded to lead the Bengals to four straight district championships.

We understand the squeeze play which say Byelene replace Lymper has been in the works for several weeks. In taking over, Byelene assumes command of a team which is touted as one of the favorites for the 1949 state Class A championship. The Bengals have regulars back at seven positions and rate as the best all-around team to ever represent Senior High.

Thus, Jim has been cheated of his chance at glory when a team he developed from scratch was taken from him when he had it on the brink of success.

Jim's brilliant four-year baseball record at Mansfield firmly established his reputation as one of Ohio's outstanding schoolboy diamond mentors. However, he had already proven his baseball ability before moving to Mansfield. At Versailles, where he coached before going to Galion, his teams won 100 of 104 games over a six-year stretch and, at one time, his Versailles nines

Cleveland Reserves Defeated By Cubs, 4 to 3

Rookie Mike Garcia Tries for Hill Job

TUCSON, Ariz.—(INS)—Rookie Mike Garcia can virtually sew up a spot on the Cleveland Indians' roster today when he starts on the mound against the Chicago White Sox at Tucson, Ariz.

Garcia, Mexican righthander, has been effective in his other stints and probably needs only one more successful turn on the hill to convince the Tribe's brain trust that he is big league material.

While the Tribe's regulars were on their way back to Tucson from San Diego yesterday, the "reserves" gave a splendid account of themselves, although they were defeated, 4-3, by the Chicago Cubs.

The Tribesmen matched the Cubs run-for-run until the seventh when a ground ball took a bad hop over the head of Shortstop Fred Marsh, enabling the winning run to score.

The loss was the Indians' sixth of the spring by one run and second to the National leaguers.

Steve Gromek was the starting pitcher for the Redskins. He held the Chicagoans scoreless until the sixth when four straight singles gave the Cubs three runs.

Additional Sports On Page 18

Frank Papish, a southpaw, took over the world champions in the seventh.

LONG ERROR

With Papish on the mound, Don Johnson, Cub second baseman, went all the way to second when Orestes Minoso threw the ball into the bleachers along the right field foul line after fielding a grounder.

Walt Dubiel, second Cub pitcher, then rolled a slow bounder toward March, but before he could field it, it bounced over his head for a single, breaking the 3-3 deadlock.

The Tribe, meanwhile, collected eight hits off Dwain Sloat and Dubiel. Marsh led the parade with two bingles, both one-basers.

Hank Edwards, hard-luck outfielder who injured his shoulder for the third time this year, made his first appearance of the year as a pinch hitter for Frank Papish in the ninth inning. He swung at the first pitch and sent a sharp single to left.

As expected, Pitchers Will Hafey and Lyman Linde and Infielders Artie Wilson and Bobby Wilson were optioned to San Diego. The four were left behind when the Tribe regulars left the coast.

The Indians break camp and join forces with the New York Giants Sunday night for the trip through the South on the road to New York, where the two clubs conclude their spring series two days before the season opens April 19.

DiMaggio to Play . . .

ST. PETERSBURG, Fla., — (AP) — Joe DiMaggio, ailing New York Yankee star, is slated to make his first start of the season today when the Yanks entertain the Cincinnati Reds.

DiMaggio will open in centerfield and play from three to five innings, depending on how he feels. The Yanks $90,000 a year outfielder, is bothered with a sore right heel. The Yanks lost their annual series to the St. Louis Cardinals. The cards beat them 3 - 1 yesterday for their fourth win in the seven game set.

★

All Is Serene . . .

PHOENIX, Ariz., — (AP) — All is serene in the camp of the New York Giants following a flareup between rookie catcher Sal Yvars and Manager Leo Durocher.

Yvats, whose head was fractured Monday night in a game against the Mexican all-stars, had words with Durocher after the game. Yesterday he made up with the boss and was restored to good standing. He will be out of action for about two weeks. The Giants, whipped yesterday, 22-9 by the St. Louis Louis Browns, today take on the Pittsburgh Pirates, who have won 10 straight games.

★

Bucks On Streak . . .

SAN BERNARDINO, Calif.,—(UP) — The high-flying Pittsburgh Pirates were riding on a 10-game winning streak today as they opened a three-game series with the New York giants.

The Pirates stretched their spring record to 13 victories drubbing the Chicago White Sox, 12 to 7, yesterday. A seven-run first inning featured by Clyde McCullough's three-run home run told the story.

The Sox cut down the Pirate lead to 8 to 7 by the sixth frame, tagging Rip Sewell for four runs and Murry Dickson for three. But Dickson closed with three scoreless innings while the Bucs rapped Bill Pierce for a run in the sixth and mauled Orval Grove for three more in the eighth.

Steve Souchock of Chicago and Les Fleming also hoisted homers in the game.

★

Nats Ride High . . .

ORLANDO, Fla., — (AP) — The Washington Senators, riding high after a slug-happy 7-2 victory over the Detroit Tigers in Lakeland yesterday, take on the Philadelphia Phillies here today.

The Senators rang up 13 hits against the Tiger's six for thier best swatting demonstration of the training season to date.

★

Not Too Good . . .

TAMPA, Fla., — (AP) — Cincinnati's Reds ran into a first line, nine-inning pitcher yesterday and the result was not too good for Redleg hopes in the National league pennant race.

The pitcher, of course, was Johnny Sain of the Boston Braves who rates as one of the senior league's top hurlers—but Mr. Sain probably will be out there several times against the Reds when the regular schedule begins.

Yesterday he allowed only two hits during the first six innings before letting up a bit but he came out with an easy 8 to 3 victory.

Boston gave Red Lively his roughest moments of spring training as the National league champs walloped him for seven hits and six runs in six frames. Harry Gumbert gave up the last two hits and two runs.

★

Tries Pitching . . .

BRADENTON, Fla., — (AP) — Erv (two-sack) Dusak, whose weak hitting has all but cost him his job as a St. Lous Cardinals outfielder, will take the mound today against the Boston Braves in a bold bid for a job as a pitcher.

Card Manager Eddie Dyer indicated he would give the 28-year - old righthander a full chance at a pitching berth when he announced that Dusak would be the starting hurler.

Used mainly in a pinch-hitting role last year, Dusak had only a .209 average. In announcing Dusak's trial, Dyer also said his squad was approaching top condition and so would have two hours trimmed from the regular morning drill.

In yesterday's 6 to 3 win over the Cincinnati Reds, Reiser, the ex-Dodger, hit an inside-the-park park homer and Johnny Sain pitched all the way without issuing a walk for a seven-hit victory.

★

Sox Subs Win . . .

SARASOTA, Fla., — (UP) — The Boston Red Sox, who gave the regulars a day off yesterday and used subs against their minor league farmhands called back the first stringers today for a game against the Detroit Tigers.

The Sox downed Louisville yesterday, 6 to 2, as Willard Nixon gave up three hits in six innings.

MAY GET JOB—After two years of being shuttled between the majors and minors, Willie "Puddin' Head" Jones may make the grade at third base this year with the Philadelphia Phillies.

Bucks Second Day Has Talk, Movie Session

COLUMBUS — (UP) — Coach Wesley Fesler scheduled more chalk talks and movies today for the 100-man squad which reported for spring football practice at Ohio State university.

The indoor work will continue through Friday with Saturday off. Then on Monday the Bucks will head for the great outdoors and some workouts on the greening practice fields.

The sessions will be run on a six-day basis starting Monday and ending with the annual spring intra-squad game in Ohio stadium May 14.

Reporting for yesterday's first indoor practice session were holdovers from last year's varsity and the junior varsity and freshman teams. Howard Schuster, a member of last year's frosh team, did not report because of ineligibility.

Barons Lose Two Overtime Tilt, 3-2

(By International News Service)

The Hershey Bears held a one-game advantage over the Cleveland Barons today in their two-league semi-final series but it took them a long time to gain the victory.

Rookie Arnie Kullman slammed in the game-winning goal for Hershey last night in a furious double overtime struggle of nearly 80 minutes as the Bears came from behind to whip Cleveland, 3-2.

Mansfield Bowlers Fail In Honor Roll Assault

Bowlers in five leagues failed to produce a single honor roll score or even threaten to go into the 600 bracket last night.

Best score of the evening was a 589 rolled by Richard Snavely with the Schmid's Tire team in the Transportation league at Colony. Snavely followed a 189 opener with a pair of 200 games.

Don Bachman, Geiger Distributing, had a 236 first game but could add only 178 and 158 to it for a 572 series. Jack Miner, Dominion Electric, had 557; Burke Brewer, Knights of Pythas, 548; Paul Kurtz, Teamsters, 537; and Harry Swimley, Geigers, 572.

Three-game sweeps in the league were won by K. of P. Schmid's Tire, Dominion Electric, and National Life Insurance.

★

Leo Yuncker set the pace in the Elks league with 175-222-178—585, while Emmett McIntire was close behind with 198-193-192—583. G. Copeland recorded 550; K. Benzig, 524; D. Treisch, 523; and Mayor Roy Vaughn, 511.

★

Martha Dye and Billie Cleckner were the only Mansfield bowlers to place high in the 24th Ohio Women's Bowling association tournament which ended this week at Lorain. They combined for a 1,253 score to take fifth in the doubles division.

Evelyn Roderman and Alice Estenes of Cleveland won the tandem trophy with 1,305. Edith Platzke and Ruth Wasser, Toledo, were second with 1,270.

★

A 581 by Bob Ballengee of Ritz Nite Club led Richland C leaguers. C. Kopp of Colby and Earick had the next best score, a 550, and the top single game, 218. F. Black turned in 539; Henry Carmel, 530; and A. Malthaner, Luedy Electric, 521.

Three game sweeps were won by Luedy Electric, Ritz Nite Club, and Culp Jewelers.

★

Mickey Heisley led Westinghouse Women with a 435 series. Grace Chronister had 425; Ruth Metzger, 424; Gertrude Bunley, 415; and Ann Finfgeld, 403.

★

R. Bonanata tossed games of 172 and 193 to lead the St. Peter's high school league with a 365 total. Dyce Kopcial had 322, and Dick Kutschall, 303. Michalski had 299.

Long Layoff Fails To Dull Cerdan

LONDON — (UP) — It was quite obvious today that a six-months' layoff did little to dull the fighting machinery of world's middleweight champion Marcel Cerdan.

The two-fisted battler from Casablanca, engaging in his first fight since wrestling the 160-pound title from Tony Zale last September, knocked out British champion Dick Turpin in the seventh round of a non-title bout last night at Empress hall.

Writer Talks About Shifts

(Continued from Page 12)

rolled up 61 straight regular season victories.

But Jimmy Lymper, apparently, isn't good enough for the Mansfield Tygers.

The switch which saw Augie move in as head coach and Paul Snyder demoted to assistant coach also caught Lymper. Jim was moved to Johnny Appleseed. This transfer presumably was made because there was no spot at Senior High for Jim.

But Jim didn't complain. He took the move in stride.

He didn't complain either when a special post was created the following spring when Mike Byelene was imported as assistant coach in football, basketball and baseball.

And Jim isn't complaining today about the latest dose of injustice handed him.

But his friends are — and we happen to be a friend of Jim Lymper, and mighty proud of it, too.

Babe Ruth belted the most homers in two consecutive seasons—114—hitting 60 in 1927 and 54 the following season.

A Joyous Reality

We know what you've been through. First, yours was only a dim vision blurred slightly with unreality; then came months of wishing followed by sometimes hopeless planning; next, a definite decision was made to lay aside hard-earned money for a slightly clearer vision of your future home; following this, you probably spent months and years saving and planning, skimping and dreaming. Finally you are ready to build, or to buy a home that conforms favorably with the picture you had in mind; and you certainly don't intend to let those hard-won savings be invested recklessly either in the way of buying the wrong type of home, or in buying a home that is ridiculously overpriced.

We know what you've been through. We know, and we understand that only those homes worthy of your time and expectations should be shown to you and yours. We have several carefully selected homes that you may see under no obligations; and we pride ourselves on our ability to understand your problems, both in the way of realizing your money's worth, and in any financial hurdles that stand in your way.

When you buy a home through this real estate firm, you obtain as genuine a service wrought through the highest of ethics and the most exacting of legal procedure as you can find anywhere in this city—or anywhere in Ohio for that matter. WE PRACTICE WHAT WE PREACH, and we prove it every day.

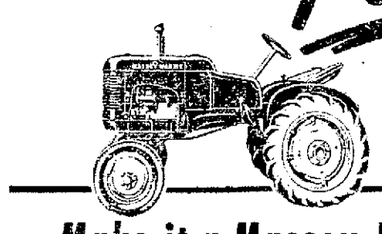
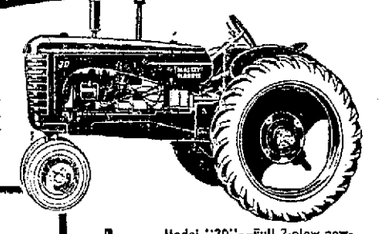
IF IT'S Power YOU WANT



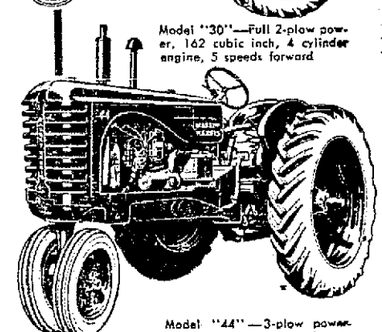
Pony—1-plow power, 62 cubic inch, 4 cylinder engine, 3 speeds forward



Make it a Massey-Harris

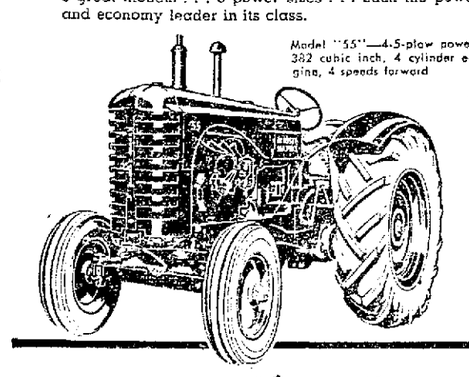
Tough spots disappear when you put a Massey-Harris tractor to work on your place. There's more power in Massey-Harris . . . more downright lugging ability at the drawbar . . . more capacity on belt work . . . more reserve, stamina, dependability. It's the result of high compression in the engine, straightline design in the transmission. High compression takes the laziness out of an engine . . . makes it peppy, more alive, more responsive. A straight line transmission delivers that power smoothly, efficiently . . . you get full power on every belt and field operation.

There's a Massey-Harris tractor for your farm . . . 6 great models . . . 5 power sizes . . . each the power and economy leader in its class.

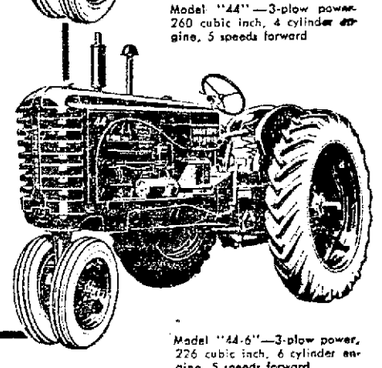


Model "30"—Full 2-plow power, 162 cubic inch, 4 cylinder engine, 5 speeds forward

Model "44"—3-plow power, 260 cubic inch, 4 cylinder engine, 5 speeds forward



Model "55"—4.5-plow power, 382 cubic inch, 4 cylinder engine, 4 speeds forward



Model "44-6"—3-plow power, 226 cubic inch, 6 cylinder engine, 5 speeds forward

and the new 2-PLOW MODEL "22"

Here's that extra power you need to make those stubborn 2-plow jobs say "uncle." It's the new Massey-Harris Model "22" . . . with a bigger, huskier, 4 cylinder engine, smooth, quick-acting brakes, new grille styling . . . more power, more economy, more top notch field performance. Plus . . . a new hydraulic control—Depth-o-matic System that holds implements to their work regardless of field conditions. Come in and get the facts.

TERRY & PIRATES

CHAZZ IS RIGHT! IF THE LOW COUNTRY OUTSIDE IS BEING FLOODED, THAT AIRSTRIP MIGHT GET KINDA DAMP!
UH-HUH! AND OUR OL' CRATE ISN'T BUILT FOR CRASH DIVES, EITHER— LET'S GO!
AND A SHORT TIME LATER...
OH, BROTHERRR!
HEY! THAT SECTION OF WOODEN RAMP! IT'S AFLOAT!...ANYBODY GOT A SIXTEEN GUN SALUTE HANDY? WE'RE JUST ABOUT TO BOARD OUR NAVY!

GASOLINE ALLEY

THEY LAUGHED WHEN I SAT DOWN AT THE BOSS'S DESK, JESSICA!
I SUPPOSE THEY DID.
BUT, BELIEVE ME, I'VE SHOWED 'EM A THING OR TWO.
IT HAS MADE A LOT OF DIFFERENCE TO US.
SKEEZIX IS WELL-MEANING, BUT HE JUST DOESN'T HAVE THE GUMPTION IT TAKES.
YOU HAVE TO HAVE PUSH TO GET PULL I'VE GOT TO HAND IT TO OL' WILMER!

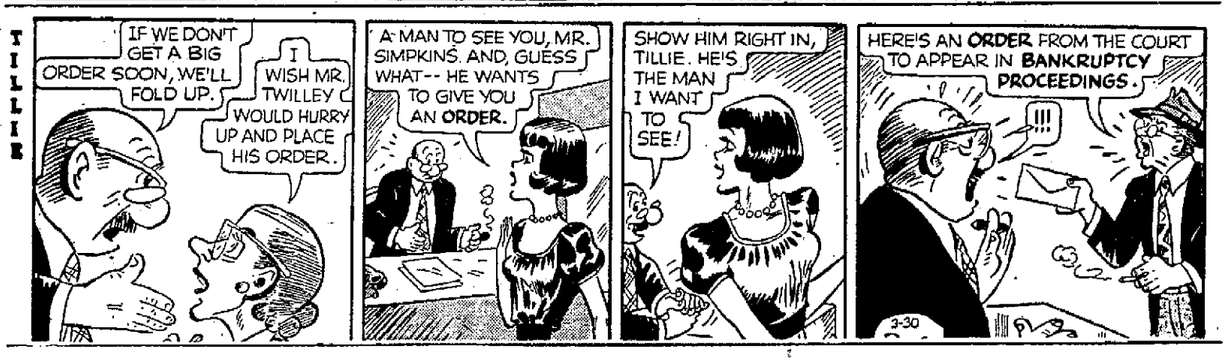
RIP KIRBY

CAUGHT HIM SNOOPIN' IN THE SWAMPS, MA'AM... SAYS HE'S AN ARTIST...
RIDICULOUS! HE WAS TRESPASSING! TAKE HIM TO THE VILLAGE AND TURN HIM OVER TO THE SHERIFF!
WAIT, MOTHER...MUST YOU BE THAT HARSH? IT'S NOT A PLEASANT IMPRESSION FOR HONEY, OUR GUEST! WHY NOT LET THE CHAP GO?
OH..VERY WELL...BUT GET HIM OFF THE GROUNDS...PAINTER OR NO PAINTER!
A PAINTER, EH? I WONDER... THERE'S SOMETHING VERY FAMILIAR ABOUT THAT WALK OF HIS!

PENNY

HOW DID YOU LIKE IRWIN, FATHER?
UMPH...OKAY, I GUESS.
I DON'T THINK YOU REALLY AND TRULY LIKE HIM. YOU NEVER LIKE ANY OF MY BOY FRIENDS.
OH, YES I DO! I LIKE SOME OF THEM.
THEN YOU DO LIKE IRWIN?
IF YOU WANT THE REAL TRUTH, I'VE MET SOME CHARACTERS IN MY DAY, BUT THIS IRWIN IS A.... IS A DRIP!
BUT, FATHER, HAVE YOU SIMPLY EVER SEEN SUCH AN UTTERLY, UTTERLY DIVINE DRIP?
3-30

TILLIE

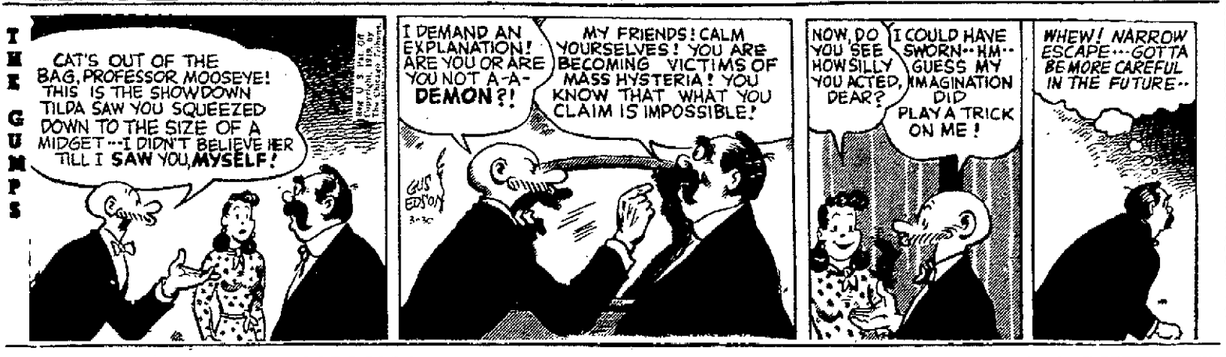


IF WE DON'T GET A BIG ORDER SOON, WE'LL FOLD UP.
I WISH MR. TWILLEY WOULD HURRY UP AND PLACE HIS ORDER.
A MAN TO SEE YOU, MR. SIMPKINS. AND, GUESS WHAT-- HE WANTS TO GIVE YOU AN ORDER.
SHOW HIM RIGHT IN, TILLIE. HE'S THE MAN I WANT TO SEE!
HERE'S AN ORDER FROM THE COURT TO APPEAR IN BANKRUPTCY PROCEEDINGS.
3-30

MICKEY MOUSE

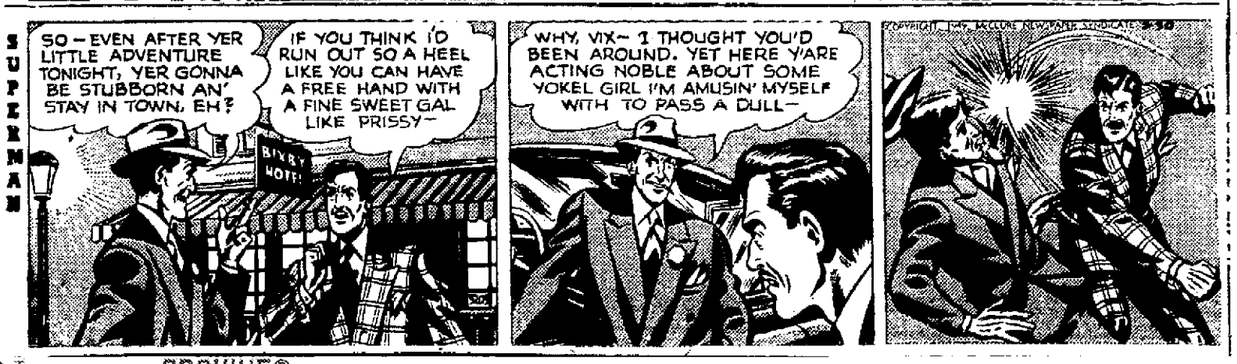
EEGA... WE'VE BROKEN THROUGH THIS JELLY STUFF!
PGOOD!
WOW! IT STRETCHES ALL AROUND THE EARTH!
LOOK OUT! THERE GOES PFLIP!
GOSH! NOW SOMETHING'S PULLING US THE OTHER WAY!
3-30

THE GUMPS



CAT'S OUT OF THE BAG, PROFESSOR MOOSEVE! THIS IS THE SHOWDOWN TILDA SAW YOU SQUEEZED DOWN TO THE SIZE OF A MIDGET...I DIDN'T BELIEVE HER TILL I SAW YOU, MYSELF!
I DEMAND AN EXPLANATION! ARE YOU OR ARE YOU NOT A-A-DEMON?!
MY FRIENDS! CALM YOURSELVES! YOU ARE BECOMING VICTIMS OF MASS HYSTERIA! YOU KNOW THAT WHAT YOU CLAIM IS IMPOSSIBLE!
NOW, DO YOU SEE HOW SILLY YOU ACTED, DEAR?
I COULD HAVE SWORN.. HM.. GUESS MY IMAGINATION DID PLAY A TRICK ON ME!
WHEW! NARROW ESCAPE...GOTTA BE MORE CAREFUL IN THE FUTURE..

SUPERMAN



SO—EVEN AFTER YER LITTLE ADVENTURE TONIGHT, YER GONNA BE STUBBORN AN' STAY IN TOWN, EH?
IF YOU THINK I'D RUN OUT SO A HEEL LIKE YOU CAN HAVE A FREE HAND WITH A FINE SWEET GAL LIKE PRISSY—
BINK'S HOTT!
WHY, VIX— I THOUGHT YOU'D BEEN AROUND. YET HERE Y'ARE ACTING NOBLE ABOUT SOME YOKEL GIRL I'M AMUSIN' MYSELF WITH TO PASS A DULL—

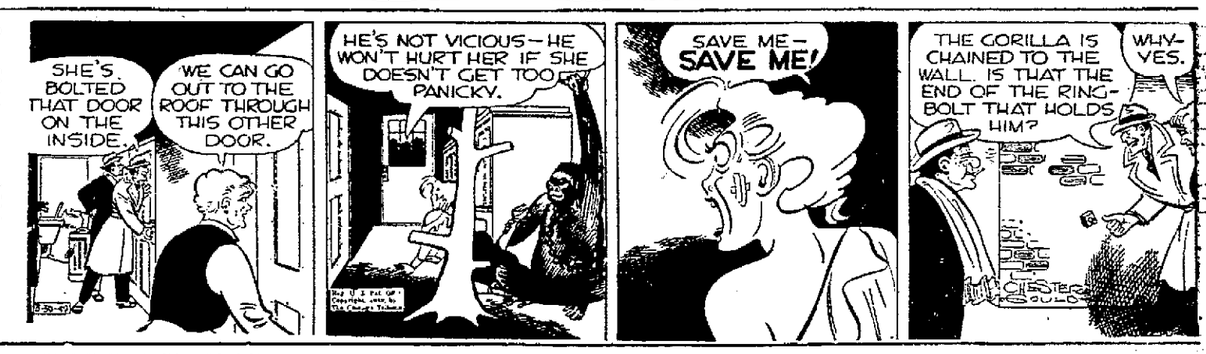
BLONDIE

YOU LOOK LIKE A KIND MAN--HOW'S ABOUT A SANDWICH?
SURE
I'LL NEVER GET FAT ON THAT SANDWICH BUDDY
HAVEN'T YOU EVER HEARD OF TRIPLE-DECKERS?
?

ORPHAN ANNIE

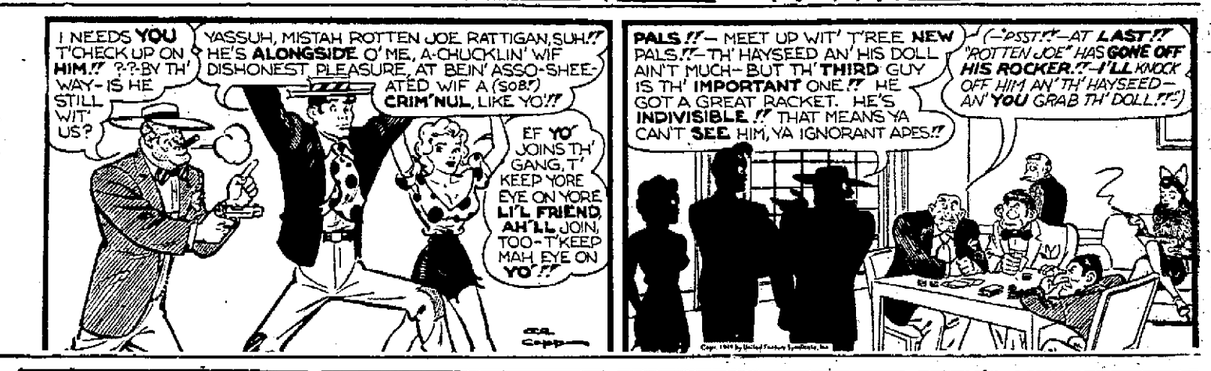
C'MON...I'LL LAY THIS LIGHT SO IT'LL SHINE RIGHT AT THAT WILDCAT...NOW, WHERE'S TH' SACK WE BROUGHT?
HERE... I'VE GOT IT...
QUICK! SCOOP ALL THESE BILLS INTO IT... THAT'S IT...
GEE! WE'VE GOT THOUSANDS AND THOUSANDS! WE'RE RICH! RICH!
YEAH! AND WE'RE STILL INSIDE THIS CAVE...THOSE GUYS WERE RICH, TOO... IN HERE!
COME ON, ANNIE! LET'S GO NOW... FAST!

DICK TRACY



SHE'S BOLTED THAT DOOR ON THE INSIDE.
WE CAN GO OUT TO THE ROOF THROUGH THIS OTHER DOOR.
HE'S NOT VICIOUS—HE WON'T HURT HER IF SHE DOESN'T GET TOO PANICKY.
SAVE ME— SAVE ME!
THE GORILLA IS CHAINED TO THE WALL. IS THAT THE END OF THE RING-BOLT THAT HOLDS HIM?
WHY- YES.

LIL ABNER



I NEEDS YOU T'CHECK UP ON HIM.!! ?-?-BY TH' WAY- IS HE STILL WIT' US?
YASSUH, MISTAH ROTTEN JOE RATTIGAN, SUH!! HE'S ALONGSIDE O' ME, A-CHUCKLIN' WIF DISHONEST PLEASURE, AT BEIN' ASSO-SHEE-ATED WIF A (SOB!) CRIM'NUL, LIKE YO!!
EF YO' JOINS TH' GANG, I' KEEP YORE EYE ON YORE LI'L FRIEND AH'LL JOIN, TOO- I'KEEP MAH EYE ON YO'!!
PALS!!— MEET UP WIT' T'REE NEW PALS.!!— TH' HAYSEED AN' HIS DOLL AIN'T MUCH— BUT TH' THIRD GUY IS TH' IMPORTANT ONE.!! HE GOT A GREAT RACKET. HE'S INDIVISIBLE.!! THAT MEANS YA CAN'T SEE HIM, YA IGNORANT APES.!!
(—PSST!!—AT LAST!!! "ROTTEN JOE" HAS GONE OFF HIS ROCKER.!!—I'LL KNOCK OFF HIM AN' TH' HAYSEED— AN' YOU GRAB TH' DOLL.!!)

BRICK BRADFORD

"THE BIG PLANE GLIDES IN FOR A SMOOTH LANDING AT ONE OF TOBY'S AIRPORTS."
HEAVENS, TOBY! ARE WE BEING ARRESTED?
NOT QUITE! WE'LL BE FREE AFTER I TRANSFER THIS BRIEF CASE.
SIX GUARDS FOR ONE BRIEF CASE! WHAT IS THIS?
EXPLAIN IT ALL IN A MOMENT!
AH, DESBY, OLD BOY— SO GOOD TO SEE YOU AGAIN! CAR READY?

Red Sox Favored For Flag

By LEO H. PETERSEN
United Press Sports Editor

SARASOTA, Fla.—(UP)—The feeling is general this spring that the Red Sox are loaded, and they probably will be favored to win the American league pennant when the season opens.

They are gaining that status despite the fact that they did no off-season strengthening while the champion Cleveland Indians made several changes which figure to help the club. But the experts are overlooking that angle on the theory that the Bo-Sox almost came through last year after getting off to a miserable start.

BEST IN LEAGUE

During the last half of the 1948 campaign they played the best ball in the league and Manager Joe McCarthy is expecting them to get away from the barrier fast this season.

He feels his club will take an early lead and keep it season-long.

"We have the power, the fielding and the pitching," McCarthy said, "and I think we have more of everything than any other club. So why should n't I be optimistic.

All the players feel the same way.

The team is pretty well set with only two positions undecided—first base and right field. But they in no sense figure to be trouble spots.

Rookie Walt Dropo, up from Birmingham where he hit .359 and nine home runs during the Dixie series, is the boy who has created that first baseright field situation

RETURN TO GARDEN

He has looked so good that McCarthy has just about decided he is going to be his first baseman when the season opens. In that case Bill Goodman, who did yeoman duty at first base last season when he was converted from an outfielder, will return to garden duty in right.

All other infield and outfield positions are set with Bobby Doerr at second, Vern Stephans at short, Johnny Pesky at third, Ted Williams in left and the little professor, Dom DiMaggio, in center.

Birdie Tebbetts will be No. 1 catcher and he was as good as they come last year. He is approaching 35, but McCarthy is sure he has another good season left in him.

McCarthy's pitching staff is not yet set. A lot depends upon whether Dave (Boo Boo) Ferris and Tex Hughson can come back. Ferris won only seven games in 1948 while Hughson won only three after going back to the minors in an attempt to work the kink out of his arm in the warm Texas sunshine.

There are indications that both are back in the groove and will be ready for starting roles. Mickey Harris, Ellis Kinder, Joe Dobson, Jack Kramer and Harry Dorish are starters back from last season and sure of winning front line berths.

30 Cars Now In '500' Race

INDIANAPOLIS — (AP) — A rear-engine car and a remodeled six-wheeler today brought a field of 30 cars for the 500-mile race here May 30

Wilbur Shaw, general manager of the Indianapolis motor speedway, predicted 68 to 70 entries will be in by the April 15 deadline.

N. J (Nat) Rounds, Beverly Hills, Calif., engineer and designer, nominated Bill Taylor of Temple City, Calif., to drive his rear-engine rocket special. It will be Taylor's first try for the Memorial day classic

A remodeled, six-wheel Pat Clancy special, which Billy Devore drove to 12th place last year, will be driven by Jackie Holmes of Indianapolis.

Heel Trouble Old DiMaggio Story

By FRANK ECK
AP Newsfeatures Sports Editor

NEW YORK—This is the third successive year that Joe DiMaggio has come up with heel trouble.

In 1947 and again last spring he was bothered with a bone spur in his left heel. He underwent several operations. He feels that by favoring this heel he put an extra burden on his right foot and now he gets intermittent pains in his right heel.

Fortunately for the Yankee jolter—and the Yankees—DiMag needs little spring conditioning to get in shape. Though he seldom exerts himself during the winter, he's the kind of fellow who could go out there tomorrow and hit that long ball. He has remarkable reflexes and lives a good life for a guy whose appearances are in terrific demand.

Joe is not troubled when he's batting. It's only when running that his heels hurts. Early in January during a National Children's Cardiac Home benefit game at Flamingo Park, Miami Beach, DiMaggio gave a pre-exhibition of hitting. Baseball's rules militated against his actual participation in the game.

He hit the ball well, hit it far and pulled just as usual to the left field fence. He overcame two important obstacles doing this. He was batting in borrowed spikes and in a batter's box that might have resembled the La Brea tar pits.

A couple of days later he shot a round of golf over the famous La Gorce course. Walking didn't bother the heel that last November sent him to the hospital for an operation. Twenty stitches were taken.

There have been some guesses about how many games DiMaggio will play this season. These are the result of Joe's recent trip to Baltimore to have his heel x-rayed following the opening day's workout at St. Petersburg.

Joe played 153 games last season. The 153rd game was the toughest he ever played. That was the game in Boston, on the final Sunday. The Yankees lost their chance at the American league pennant the previous day. The final game meant little other than a chance to avenge their flag elimination defeat by the Red Sox.

DiMag was as crippled as any ballplayer ever was for any final game that had no bearing in the standings. Yet all he did was lash out four hits—two doubles and two singles—in five trips to the plate to drive in three runs in a 10-5 lost cause.

He had a painful charley horse in his left leg and his body was battered and bruised from a long season tht began with spring training on March 1 and ended this final Sunday, Oct. 3.

DiMag got every swing out of his aching body. He had used up all his opportunities to bat in this game. When he made his final hit Manager Bucky Harris—not DiMaggio—signalled for a pinch runner. As Joe hobbled off the diamond, 31,354 Fenway Park fans stood up and cheered. It was an ovation that few Yankees ever heard. You would have to go back to the days of Ruth and Gehrig.

DiMag never complains about his injuries because he loves to play ball. After his recent ailment he said:

"Last season the pain was so intense it affected both my legs. The calf of my right leg stiffened because in favoring the heel I was using an unnatural stride. My knee swelled. Both thighs pained me. That's what I want to avoid this year. Maybe it will clear up. I hope so."

DiMaggio's recent ailment recalls the spring of 1947 when he was missing from the St. Petersburg camp. He was in Baltimore where his left heel was mending following a bone spur operation which required 40 stitches. Larry MacPhail, then Yankee president, was in Miami trying to get his No. 1 scout, Paul Krichel, to make a deal with Connie Mack.

MacPhail and Krichel were standing beside a car belonging to another Yankee scout. It had a flat tire and, noticing that MacPhail seemed anxious to get to town, we picked him up.

"I don't see how I can pick the Yankees to win. Why, there's no telling how much DiMaggio will play," the writer said.

"You can't pick us worse than second," MacPhail said. "That means we'll be the contender, at worst. And regarding DiMaggio, don't worry. He'll be all right."

Well, the Yankees won the 1947 pennant by 12 games and DiMaggio played 141 games and batted 315.

Everyone, it seems, talks about how many times DiMaggio has missed opening day games. A check at the record books shows that since he came up with the Yankees in 1936, DiMaggio has played 132 games or more every season except 1939. And that year he not only batted .381 but led both leagues while playing 120 games.

You can bet that DiMaggio will be out there in center field regularly this season. He wants to finish on top. And he has that contract calling for a reported $90,000. It's so easy to remember that final game of 1948 when 31,000 usually placid Back Bay fans cheered him to a man.

Tiffin Board After Coaches

TIFFIN — (AP) — The Tiffin school board has approved an expanded athletic program by ordering the appointment of three additional coaches to the high school staff.

Paul F Sweeney, 28, of Cleveland, was offered the head football post, the board said Already appointed are Harry Auble jr., of Tiffin, head basketball, and Paul E. Raines of Tiffin, junior high coach.

Present members of the staff will be assigned to other posts, the board announced.

Johnny Vasco Named Pro at Canton Links

CANTON — (AP) — Johnny Vasco, professional of the Shelborne course in Miami, has been named golf pro at the Arrowhead Links here, Martin Blate, Arrowhead president, announced yesterday.

Vasco, a New Yorker, succeeds Tom Thompson. In 1946 Vasco coached golf at West point.

Carver Says Ring Racket Should Take Long 'Rest'

By LAWTON CARVER
(INS Sports Editor)

NEW YORK — It would be a good thing for boxing, for the public and for sports in general if the prize-fight business were to be outlawed for a period of, say, two years.

The prize fight business always has been suspect as a sport, and for some periods has been more a haven for hoodlums than a bona fide form of athletics worthy of a place in newspapers and on the radio.

Television brings it before still more people now, but the greater its public the worse it gets.

Too often lately the biggest story is not the fight itself, but the aftermath, frequently tinged with the hint of scandal of incompetence, or some sort of rhubarb which sets boxing apart from other sports.

The decision given to Jake Lamotta over Robert Villemain Friday night at Madison Square Garden has resulted in an official investigation and has given the durable fight racket one more knockdown. The racket should be counted out and permitted to rest for a couple of years.

That's what they do with fighters themselves when they get belted around and cut up too much—they give them a rest. The sport needs a long vacation away from the public gaze, or vice versa.

A rhubarb now and then is to be expected in any professional sport, but when it gets to the point where this nonsense outweighs the sport itself, the time has arrived for a wholesale investigation and cleanup.

This isn't to say that any specific fight is fixed or that officials are anything, except honest and sincere men of deepest integrity.

It just so happens, however, that there is too much space wasted these days speculating on whether a forthcoming fight is fixed, presenting rumors of gambling coups in the offing and the rest of such drivel.

Because bears are unable to procure food furing the winter months in temperate regions, they hibernate.

Court Sets April 21 Hearings for 48 Arrested In 2 Raids

Continues Cases For Two Weeks

Last of Defendants Released On Bond

Hearings for 48 of the 64 persons arrested in police raids on two purported houses of ill fame were continued yesterday to April 21 by Municipal Judge H. H. Schettler.

Sixteen of the cases were disposed of Saturday when 16 persons forfeited $25 bonds when they failed to appear in court on charges of loitering in a house of ill fame.

Thirty others charged with loitering have posted $25 bonds. The last of 12 others arrested on more serious charges was released from city jail on bond yesterday afternoon.

Hearings were set for April 7, but a continuance was granted because of the absence of an attorney who is handling all 12 cases.

Silas M. Brooks, 49, of 289 Orange street, and Ben Hill Williams, 31, of 9 East Sixth street, have posted bonds of $2,500 each. They are being charged with keeping a house of ill fame at 255½ North Main street and the illegal sale of intoxicating liquor.

FACE LIQUOR CHARGES

Three others will face charges of selling intoxicating liquor at the 255½ North Main street address, in addition to charges of prostitution and aiding and abetting prostitution.

Sterling Scraborough, 56 East Sixth street, is being charged with keeping a house of ill fame at Sky's Place, 97 East Sixth street, and assault and battery.

Two others are being charged with engaging in prostitution at 97 East Sixth street, two for residing in a house of ill fame, and one man is involved with Scarborough in the assault which allegedly occurred at Sky's Place.

The affidavit charging Scarborough and William Eans, 274 North Franklin avenue, with assault and battery was signed by Thomas J. Scott.

U. S. Route 30 and State Route 314.

J. A. Tomsic, state highway department engineer, said the state department hasn't decided whether that section of Route 545 will be abandoned or relocated.

City officials and council members will discuss another phase of the Clear Fork reservoir at a meeting in Columbus Friday afternoon.

Mayor Roy W. Vaughn, Safety-Service Director Earl T. Garrison, and Sanitary Engineer B. V. BeVier, along with several council members will discuss the project with F. H. Waring of the state health department.

Mayor Vaughn said rules and regulations governing the Clear Fork area will have to be worked out by city council. They will discuss the area from a health standpoint at Friday's meeting.

One of the questions council will have to decide is whether fishing and other recreations will be permitted when the Clear Fork project is completed.

Son Charged After Aged Mother Beaten

CINCINNATI — (AP) — William Thompson, 52, was charged with assault to kill today in connection with the beating of his 87-year-old mother Monday afternoon.

Mrs. Sally Thompson, the mother, told Police Lt. William Burks and other officers yesterday her son beat her, but refused to repeat the accusation when he was brought to her.

File Suits For $79,747 After Crash

Actions Based On Crossing Accident

The Baltimore and Ohio Railroad was named yesterday in damage suits for $79,747 in common pleas court as the result of an accident at the Lexington-Springmill road crossing, near Lexington, last Aug. 18.

Tony J. Lelle, 359 Wheatrow avenue, driver of a tractor-trailer, in a separate action, asked damages of $75,000 for injuries allegedly received when the train hit the vehicle.

In another action, The Mansfield Transfer and Storage company, 181 North Franklin avenue, said the two vehicles were total losses as the result of the accident and asks $2,400 in damages.

A third action was filed by the Massachusetts Fire and Marine Insurance company, of Cleveland, which had insured the cargo, a pre-fabricated house. It asks $2,347, which it said it paid to the house owner, following some salvaging of the house.

The three plaintiffs charge negligence. They said the engineer did not sound the whistle or show lights. The accident occurred early in the morning. The actions charge further that the crossing was rough, forcing the truck driver to shift gears to cross the tracks.

Youths Hold Mock Trial

The YMCA's first bicycle court mock trial was held in Municipal courtroom last night under the direction of Probate Judge Stuart H. Cramer.

Hi-Y boys took part as prosecution, defense, and court officers. They held practice trials for violations for hitting a pedestrian, riding on the wrong side of the street, and failure to give proper hand signal.

The boys will meet again Tuesday night for the last practice trial before the court officially convenes April 9.

Boy, 13, Confesses Theft of Bayonet

A 13-year-old South Adams street boy who confessed to police last night that he stole a World War I bayonet from the pattern shop of Harry Berlo, 334 South Diamond street, was put on one-year probation today by Juvenile Judge Stuart H. Cramer.

The boy who, the court said, has been "playing hookey" from school, admitted the theft after officers found him at his home last night. The theft occurred about noon Monday when the youth was seen by neighbors carrying the souvenir away from the shop.

Bitten By Dog

Paul Conner, 12, of 97 East Fourth street, suffered injury to his left leg about 5 p. m. yesterday when a bulldog attacked and bit him in front of 189 East Fourth street. Police ordered the dog owner to tie the animal for 10 days.

REGISTER SATURDAY

All persons owning bicycles and living north of Park avenue east and east of Main street are to register their bicycles with Identification Officer Paul Martin Saturday from 9 a. m. to 12 noon. Registrations will be held in the morning, only.

BUTLER SCHOOL OPERETTA FRIDAY—A chorus of 70 Butler high school students will be heard in the operetta, "The Sunbonnet Girl," which will be presented at 8 p. m. Friday in the school auditorium. There is a cast of 15 students under the direction of Miss Doris Forney, music teacher, in the two-act operetta. Entertainment between acts will be given by the Senior Girls' ensemble, Boys' quartet, and Sophomore ensemble. Leading characters will be portrayed by the above students. Reading left to right are Gerald Brooks, Marjorie Wells, Donald Reeder, Connie Hitchman, Shirley Loney and Robert McCready.

21 P-TA Delegates to Attend Conference In Fostoria

Twenty - one Mansfield P-TA representatives will go to Fostoria tomorrow to attend the North Central district conference to be held in the high school building.

R. Y. Davis, teacher at Johnny Appleseed, will attend the sessions as a member of the board of the Ohio Congress of Parents and Teachers.

Other P-TA delegates will include: Mrs. E. G. Pankow and Mrs. Joseph H. Bradley from the P-TA council; Mrs. Everett Lee Baker and Mrs. F. E. Tanner, Bowman; Mrs. G. N. McDonald and Mrs. William G. Spoeri jr., Brinkerhoff; Mrs. Paul Detwiler, Carpenter; Mrs. Marie Ford, Mrs. Russell Phipps, Mrs. Robert Chew, Mrs. Paul Etzwiler, Hedges;

Mrs. Nels Blocher and Mrs. Nelson Neff, Prospect; Mrs. Walter McEvoy, Newman; Mrs. Edward Gurtz and Mrs. H. L. Baer, West Fifth; C. A. Divelbiss, Woodland principal; Raymond Dent, Roseland principal; Jess Clark, principal, and Maurice W. Taylor, Rebecca Grubaugh; Mrs. George Cretors, Johnny Appleseed.

The conference will open at 1:30 p. m. Dinner will be served at the First Methodist church at 6 p. m. and evening sessions will be resumed in the high school at 8 p. m.

Speaker for the evening sessions will be Judge P. W. Alexander of the Court of Domestic Relations for Lucas county. His topic will be "Re-Thinking Divorce."

Bolin Keeps Hi-Y Office

Philip Bolin, 653 Manchester road, was re-elected president of the District Hi-Y council at a meeting of representatives of eight Ohio cities last night.

Bolin also is president of the Mansfield Half Century Hi-Y.

James Williams, associate secretary of the Ohio-West Virginia YMCA area, presented reorganization plans to the meeting at which a new constitution was accepted.

Representing Mansfield at the meeting were Bolin, Thomas Swisher, and Robert Schmidt, YMCA youth work director.

2 Air Guardsmen Make Speedy Trip

Two 164th Air National Guard Fighter squadron pilots demonstrated yesterday how close Mansfield is to the east coast.

Maj. Donald C. McGee and Capt. Albert D. O Line flew the 415-mile distance to Langley Field, Va., in two P-51 Mustangs in one hour and 40 minutes.

Talks Tonight On Movie Life

Les Barnett, former Hollywood musician, will be heard tonight at the Johnny Appleseed auditorium in the 12th in a series of revival services.

Barnett will tell of his experiences during 12 years in the film capital. His subject will be "Inside Hollywood."

Part of his talk will be a review of the seven movies in which he played, among them "Captain Eddy" and "The Ziegfeld Follies." He played the organ for well known movie stars, including Alice Faye, Frank Sinatra, Judy Garland and others. He was pianist for Martha Raye on her tours of the United States and until three years ago was pianist for Rudy Vallee.

For the past six months Barnett has been musician and accompanist for the evangelistic party of Rev. Jack Shuler. He will recount tonight why he turned from Hollywood and became an evangelistic musician.

Tree Burns

Firemen from No. 5 station were called to the home of J. E. Massa, 428 Marion avenue, at 4:15 p. m. yesterday when a pine tree caught fire from burning rubbish. Damage was confined to the tree, firemen said.

Grand Jurors In Crawford Indict Six

17 Witnesses Heard In Bucyrus Court

BUCYRUS — Six indictments have been returned by the Crawford county grand jury, which examined 17 witnesses and failed to indict in three other cases, Prosecutor Leo Scanlon announced today.

Indictments for auto theft were returned against Richard Carleton, 22, Toledo, Clyde Wells, 22, Parkersburg, W. Va., James Phipps, 19, Galion, and Leo Durkin, 2, Crestline. Carleton and Wells, Mansfield reformatory escapees who were recaptured after manhunt in this area last month, were indicted on two counts of auto theft.

Melvin Karel, 4, Youngstown, was indicted for wilful destruction of property and Ralph Mason, 31, Columbus, for non-support.

The indictment against Phipps followed his threatening and robbing of a Galion motorist, Guy Lohr, 65, after the latter had picked him up near Ontario March 20.

Sheriff Ralph Schreck reported all those indicted excepting Durkin are in county jail here. Durkin is free on $1,000 bond.

The jury of which Mrs. L. L. Fisher, Bucyrus, was foreman commended the sheriff and his wife, who is jail matron, for the excellent appearance of the jail. It recommended some minor repairs be made to the jail and a new automobile be purchased for use of the sheriff's office.

Rotarians See A-Bomb Films

The effects of atomic power were vividly shown at the Mansfield Rotary club's meeting yesterday in a movie of the Bikini bomb tests.

The film was shown by M/Sgt. Charles Bates, of the Mansfield Army recruiting office.

Both the above and below water explosions of the bomb, were filmed and the movie showed the devastating effects of the bomb on the steel ships of the navy.

Members of the Rotary club's board of directors elected at the meeting were Paul Stephens and William Kuhn. Re-elected to the board was Glenn L. Bierly.

2 Bicycles Taken At High School

One of two bicycles, taken yesterday afternoon from the Senior high school, was recovered by police last night at the rear of a North Main street store.

Police said the bicycle was reported missing from the high school at 5 p. m. yesterday by Kelvin Riggleman, 138 North Benton street.

PAGE FOUR MANSFIELD, OHIO, WEDNESDAY, MARCH 30, 1949

With "Hamlet" given top rating as a film production, some of those Hollywood movie magnates may be expected to be trying to get something new by the same author.

A delver into history comes up with information to the effect that Babylonians were greedy for gain and thought only of luxurious living—which makes them seem right modern.

It Can't All Be Done In One Week

WITH MARCH near its end and April always surprisingly short, that "spruce-up" week set for May 1 to 7 isn't far ahead and it will do no harm to get some of the cleaning up done in advance as a single week is entirely too short to accomplish all of the things that need be done.

It's being called "Clean-up, Fix-up, Paint-up and Rat Control week," which makes quite an elaborate project for any seven-day period, especially when considerable neglect is evidenced by a look around town.

While the fire prevention committee of the Chamber of Commerce and the Junior Chamber of Commerce are sponsoring the project, it is one in which much cooperative effort will be required to make it a success.

In the "clean-up" phase, for instance, it is planned to have city trucks gather up combustible rubbish from all parts of the city, but this can be no more successful than is made possible by the people who clear rubbish from attics, cellars and closets and place it in readiness to be hauled away.

The "fix-up" and "paint-up" parts of the program will offer opportunity for more than ordinary activity along these lines during the specified week, but by starting now and continuing through the entire summer it may be doubted if all the needed repair work and painting jobs could be completed.

Then there is the subject of "rat control," which is a big one in itself, and one in which cooperation by the health department, city officials and interested citizens is essential to substantial improvement.

At the start of the open season for grass fires, which sometimes become a threat to nearby property, it is announced by Fire Chief L. J. Steele that members of the fire department will supervise the burning of weeds and dead grass on lots inside the corporation, so as to avoid the danger of fire getting out of control. Fire departments are required to make many runs during the spring season to put out what are listed as "grass fires"—and it should be remembered that every trip by a fire department is not only costly but also involves hazards to firemen, motorists and pedestrians.

Children Who Lack Home Space

A SELDOM-CONSIDERED aspect of the housing problem rests on the fact that with two or more families living together, or with one fair-sized family crowded into two or three rooms, often there is no proper place in which children may entertain their friends.

This lack leads to a condition of social ignorance among some young people. It is very hard to develop the social graces in the scrambled, noisy home life which crowded conditions make necessary.

The principal of a public school in New Jersey is taking steps to give the children in his care whose homes are crowded a few of the advantages they are missing. A social room, the communal version of a living room, is to be set up in the school and furnished attractively with rugs, curtains, lamps, piano and radio.

Pupils will hold parties for parents, for teachers, and for each other, with teachers on the sidelines prepared to give unobtrusive instruction in social usages. Classes in music appreciation and discussion groups also will be held in this pleasant atmosphere.

There is no real substitute for hospitable and gracious home life, but this reasonable facsimile seems to be a good idea. Social ease is a useful tool in building a normal life. Children provided with it get along better in every situation.

When Auto Prices Reduce Purchases

WHILE announcement by one automobile manufacturer of a considerable price reduction cannot be interpreted as a "trend," it at least gives an idea that something of the sort may be in prospect as production balances demand at present price levels.

Except as considered in the light of runaway inflation, what were once known as "low priced" cars are no longer available—as only a relatively few prospective purchasers are in position to regard $2,000 and upward as "low priced."

Time was, not so many years ago, when competition and mass production placed $1,000 as the line of demarcation between so-called "low priced" cars and those that catered to more luxurious tastes.

This brought an era of "individual transportation" for people of moderate income and popularized motoring to an extent that would have been impossible had present prices prevailed

There will undoubtedly continue to be a market for high priced automobiles, but the greater requirement will be for a return of serviceable cars in the $800 to $1,500 range—if distribution is to keep pace with mass production.

John A. Roosevelt, youngest of the sons, says he isn't in politics and doesn't label himself as a member of any political party—which is news under any definition of that word.

Word comes that nudist organizations in a number of states are demanding legal status—probably confining their arguments to bare facts.

Claude Callan advises: "It's hard to pay an old debt, so you should strive to keep your debts from becoming old."

Having become unionized it is assumed that optical workers will hereafter see eye to eye.

What Some Other People Are Saying

BRIG. GEN. DAVID SARNOFF, retiring president of the Armed Forces Communications association: "We need the interest and experience of the best brains in American research laboratories and in industry to work with our military planners."

* * *

LOUIS A. JOHNSON, secretary of defense: "The size of the defense job we have is not of our own choosing. It has been thrust upon us by the tensions of the world today."

* * *

FRED G. CLARK, chairman of the economic foundation of New York, discussing socialism under the British commonwealth. "The standard of living for middle class (British) people is low **because** of the over-load of socialized medicine and other state aid."

Nothing Else Seems to Work.

Raymond Moley's Analysis

Magazines Oppose Mail Rate Increase

ONE of the most serious threats over facing the American press is contained in bills now before the House and Senate prepared, it is said, under the sponsorship of the post office department.

They provide for a drastic increase in second class postal rates on a scale graduated to the proportion of each publication that is devoted to advertising.

In the second year of operation of the plan, there would be a further increase of 50 per cent.

The best way to show the relative size of this increase is to cite some figures presented to the House post office committee by Walter D. Fuller, president of the Curtis Publishing company.

Fuller stated that at present his five magazines pay about $4,000,000 a year for second class mail. Under the rates in the proposed bills and assuming the same circulation, the second class charge would be more than $12,500,000, and in the second and every succeeding year it would be $19,000,000. What that would do to his company can be shown by the fact that in the big year 1948 it made $5,500,000.

* * *

Probable Effect.

NEWSPAPERS, of course, would not be so seriously affected as magazines, but their cost of operation would be greatly increased. Representatives of the publishers appeared before the House committee last week and made that abundantly clear.

Newspapers would be affected in accordance with the extent to which they sell papers through the mail. In cases where a paper has wide circulation and influence beyond its place of publication, the government would thus impose a heavy penalty.

The result would be increases in rates for mail subscriptions probably far beyond the ability of the public to pay. The increases could hardly be passed along to advertisers because the cost of advertising is already about as high as the traffic will bear.

Since 1946, when increased costs required a progressive increase in advertising rates, the volume of advertising has markedly declined.

While the effect of this legislation would impose a heavy burden on all newspapers and actually destroy some, it would be disastrous to magazines.

It would probably compel at least half of our national publications to close up shop.

The blow would be especially heavy on farm publications and also on small specialized journals of a professional, trade, cultural or religious nature.

Since some big magazines would be able with much difficulty and great expense to sell themselves on newsstands exclusively, they would ultimately monopolize the field.

And the irony of it all would be a reduction, rather than in increase in post office revenues. Thus we have another illustration of administration economics.

Washington Calling

Playing Russia's Game

By MARQUIS CHILDS

NEW YORK CITY — If a master communist planner had carefully worked out a way to get the utmost public attention for the communist - dominated world peace conference held here. Last weekend, he could not have improved on what actually happened. The supposed enemies of communism took care of all that.

They picketed in noisy, marching crowds outside the Waldorf-Astoria hotel and Carnegie Hall. They carried banners and placards duly recorded by newsreel and television cameras.

Without all this voluntary advertising, it seems to me likely that the conference would have been almost ignored.

Americans have learned enough in the past three years about communist propaganda techniques not to be fooled by such a transparent device as the conference.

The very fact that a delegation from the Soviet Union, including such a showpiece as the composer, Dmitri Shostakovich, could come here was sufficient proof of the importance the Russians placed on the meeting.

From almost everything that was said, and above all from the reception of the carefully handpicked audience, it was obvious that the immediate objective is a meeting between Truman and Stalin.

Back of that objective is the aim of halting the program of the U. S. government for restoring the strength and independence of Western Europe. America has gradually come to accept world responsibility. That does not fit into the Soviet post-war plan. In fact, it cuts directly across the Russian goal of domination in Europe and Asia

A Truman-Stalin peace conference, in a climate of opinion warmed up by Soviet sympathizers and the deep desire of almost all Americans for peace, could achieve a lot. At the very least it would put the U. S in the role of rejecting Stalin's magnanimous offer of peace on Stalin's terms.

* * *

Evidence of Fear.

ONE disservice done by all the free advertising was to make it seem that we were really afraid to have these people speak their piece.

The state department helped that impression along by its stupidity in refusing visas to some who wanted to come from Western Europe and South America

It must have seemed to the visiting Russians that we were in a highly jittery and nervous state. As they were spirited in and out of the Waldorf while the marching pickets shouted, they must have felt that here were overtones of the same fear that obsesses their country.

Fear is like a spreading plague in the world today. It seemed to me to be deeply etched in the thin, taut face of Shostakovich as I watched him sitting on the platform during the interminable and repetitious speeches

Here is a young man who has composed some of the most brilliant and exciting music of our time. The music of Shostakovich is played every day in this country and in almost every other country in the world.

Yet periodically the political bosses of the Soviet Union crack down, accusing him of political heresy in his music. According to those who have lived behind the Iron Curtain, this is torture for Shostakovich.

Some musicians and writers have become cynical under the Moscow whip. They shrug it off and promise to be good little boys. But not sensitive Shostakovich! He really believes he has betrayed a cause, and he suffers.

That seemed to me to be written in his face—in the tense, turned down mouth, in the restless movements of his thin artist's hands, in the way in which from time to time he glanced nervously at one or the other of the Russian delegation. Here was a man who lived under the shadow of a fear.

Dog Owners Vacation.

What to do with the dog is a problem which besets thousands of dog owners when vacation time arrives. If the entire family goes away usually it means a neighbor gets the chore of looking after the dog, or else the animal is left at a pet boarding house. In either case a sensitive animal usually is unhappy.

There is no longer any need to break the family circle. This is made clear in a booklet called "Touring With Towser," a directory of hotels and motor courts that accommodates guests with dogs, published by the Gaines Dog Research Center, 250 Park Ave., New York.

It even designates which hostelries have rooms where dog and owner will be together and those with separate accommodations.—Ohio State Journal.

Want Full Facts On Bikini Bomb Test

By DREW PEARSON

WASHINGTON — Top American scientists held a private meeting with Secretary of Defense Forrestal shortly before he left office to urge that he publish the full facts regarding the Bikini bomb test—so far withheld from the public.

The scientists included Dr. Harold Urey of the University of Chicago, one of the originators of the A-bomb; Dr. Karl Compton, president of the Massachusetts Institute of Technology; Dr. David Bradley, author of "No Place To Hide"; and W. T. Holliday, president of Standard Oil of Ohio.

Forrestal listened sympathetically, told the scientists that the final Bikini report was on President Truman's desk waiting for him to decide whether it should be published.

This left the matter entirely up to Truman. So after the Forrestal meeting was over, the scientists conferred among themselves as to what they should do about the President.

"It would be most unwise for us to bring any pressure on him," urged Dr. Compton of M. I. T. "Because if you push him, he will just get angry and spiteful and will sit on the report until doomsday."

Regretfully, the other scientists agreed that this was right. Any pressure on Truman to publish the Bikini report would probably make him stubborn, they decided, so they did nothing.

Meanwhile, facts which Russian scientists already know about the way the A-bomb makes warships almost a thing of the past, remain a secret from the American people.

Note— Congressional leaders make a similar complaint about Truman. The best way to keep a man in office they have found, is to show him up as inefficient, following which a perpetual job with Truman is almost guaranteed.

Real-Estate Lobby Again.

BEHIND the current drive for a sales tax in the District of Columbia, Georgia, Indiana and other states is none other than our old friend—the real-estate lobby.

Big realty operators, fearful of a boost in property taxes, as well as state income taxes, think they can head this off with a sales tax on consumers.

This is one of the reasons back of the current efforts of reactionary Rep Howard Smith of Virginia and other friends of the real-estate lobby to force congressional approval of a sales tax for the District of Columbia.

The House recently rejected a sales tax for the District by a vote of 178 to 166. However, Congressman Smith and his cohorts are keeping at it.

Mississippi Dictator.

SPEAKER Sam Rayburn may have to settle a wide-open revolt in the House veterans affairs committee against the dictatorial capers of Chairman John Rankin of Mississippi. Committee colleagues, led by Reps. Walter Huber of Ohio and Harold Patten of Arizona, are having a showdown with Rankin this week that he must start living up to House rules in the conduct of veterans committee meetings.

Hostility against the Mississippi congressman has been at fever pitch since seven committee members angrily walked out of a meeting on February 15, after Rankin railroaded his veterans pensions bill through the committee without even permitting debate.

Democratic and Republican members also are furious at him for refusing to call another meeting since the February 15 walkout. Urgent legislation is piling up in the committee, including bills to equalize pensions for World War I and II widows and orphans and to adjust disabled veterans benefits to higher living costs. But Rankin has refused to call a committee meeting for a solid month and a half.

Jap Collaborationist.

A LOT of collaborationists once chummy with Japs and Nazis are quietly easing back into power. Yet the state department, in whose hands rests the responsibility for keeping the peace, doesn't even seem to know it.

In Washington, for instance the No. 2 man in the Philippine embassy is Emilio Abello, "minister plenipotentiary of the republic of the Philippines." The state department is supposed to know all about him. That is part of its business.

However, when Richard R. Ely, chief of the state department's division of Phillipine affairs, was asked whether Minister Abello had ever been a Jap collaborationist, he answered no.

"If Abello had ever been in prison or anything like that," replied Ely, "we would know about it."

Abello himself was somewhat more frank—after being faced with the evidence.

He admitted that he had been jailed for four months by General MacArthur as a collaborationist, but was released when the jails were taken over by the Filipinos.

He further admitted that he had been secretary to Jose Laurel, the infamous puppet ruler, put in power by the Japs.

Since arriving in the U. S. A. Abello has been making speeches telling how "we" put up a heroic defense against the Japs, and has been urging American investments in the Philippines. Speaking before the export Managers club of New York last winter, he said:

"The devastation in our country, the wrecked condition of our national economy are due to our heroic defence of your interests as well as ours and because we stood in the way of the vandals who stalked the world to destroy the United States."

Assignment: America

King Ranch Beef Cattle

By INEZ ROBB

KING RANCH, Kingsville, Texas — Durham and Elmer, husband of Elsie, the cow, are still the two best known bulls in American annals.

But if justice triumphs, a red bull named Monkey will eventually replace these two frauds and wear the American crown. For Monkey is the sire of the only American breed of cattle with commercial value ever developed in the nation's history.

This American breed, known as the Santa Gertrudis, is the pride of the King ranch and its chief claim to international fame. Santa Gertrudis cattle are a triumph of genetics, engineered by Bob Kleberg, 52, head of the family that owns and operates the King ranch, and Dr. J. K. Northway, veterinarian of the ranch for the last 33 years.

The very size of the King ranch and its legends have overshadowed its tremendous contribution to the cattle industry in the development of beef cattle resistant to heat, parasites and drought and capable of fattening on grass.

Bob Kleberg, in producing a beef animal suitable to south Texas conditions, has established a breed now sought after wherever similiar conditions prevail as in Florida, the Argentine, Brazil, Guatamala, Venezuela Cuba, and South Africa.

"The santa gertrudis started from a cross between the English Shorthorn and the Brahmin or Zebu cattle of India The selective line breeding and the inbreeding to fix the desired type was the result of a gift of a Zebu bull by a neighbor in 1911. At that time the King ranch, as others in Texas, specialized in Shorthorns and Herefords, breeds that did poorly in the Texas heat."

By 1920, the Zebu and Shorthorn cross produced Monkey, who in turn sired the great red herds on the King ranch and lesser herds wherever men have been able to buy Kleberg breeding stock.

* * *

In "Hall of Fame".

MONKEY, in addition to his other distinctions making him the peer of Elmer and Durham, is believed the only bull who ever went to college. When Monkey finally went to his reward in 1927, Texas A and M asked for his head. Mounted, it hangs in the college hall of fame.

The descendants of Monkey are beautiful big critters, as red as rubies and just about as costly when bought in cooking lengths by city dwellers like myself. They thrive in Texas sun and on Texas grass and when finally shipped to market they dress from five to seven per cent more meat than any other beef cattle.

The King ranch sends 20,000 such cattle to market annually. Of this number, 3500 are first shipped to "The Buck and Doe," a ranch of 10,500 acres in Chester County, Pa., where the Klebergs are experimenting with further grass fattening of their cattle.

One of the King ranch legends Texans love to tell involves Bob Kleberg and the United States Army at the beginning of World War II. The Army purportedly asked Kleberg if he could provide it, in case of emergency and over a period of time, with 40,000 head of beef cattle.

With dead pan, Kleberg is supposed to have answered: "What color you want?"

The development of the Santa Gertrudis breed is certain to have a sweeping effect upon the cattle industry in hot, arid and grassy regions. The ranch now sells about 800 young breeding bulls annually.

It could sell ten times as many if it had them. But Kleberg, a demon for improvement, is always trying to raise the standard of the breed. He culls the herds severely and will only sell prize stock.

Although the King ranch is thoroughly modern in methods and highly mechanized, vaqueros still ride the range and cattle are rounded up and branded in exactly the same way as in the ranch's beginning almost a century ago.

And cattle rustlers still operate in the same old way as well as in highly new and modernized style. The ranch, which once lost as many as 10,000 head annually to rustlers, keeps a sharp look-out for this ancient foe of the cattlemen.

A MODERN farm in Norway consists of 100 acres of cultivated land and 1200 acres of forest There is a new house, made of lumber from the forest, and a great modern barn with vast hay lofts and a big motor-powered fan to dry the hay in the mow with warm air under forced draft.

The money crop is milk and butter from a large dairy herd, also the annual cuttings from the well - managed farm forest Growing lumber as an annual cash crop is one of the most attractive and satisfactory kinds of land-use.

Norway has been scoured and gouged by the titanic glaciers until some valleys inland are below sea level. Hydro-electric plants are being installed with all vital parts deep underground

Here, among other things, nitrogen will be separated for fertilizers--combined with limestone to make calcium nitrate. Livestock and fisheries are well developed in Norway—also orchards of "winter apples." Every country house and farm has its own orchard.

In Russia, the "Stalinist strategic offensive against drought" reported by Pravda indicates that the crisis in land-use goes around the world.

"Production of abundance is the surest way to peace, and is a challenge greater than the challenge of war." The Russian program will affect 300 million acres and will include forest belts and wind breaks 3000 miles long.

Cars, Cash Offered For Best Essays

Contest Open To Young People

A nation-wide essay contest on the theme, "Conservation of Our Soil Resources," has been announced by the National Grange and the American Plant Food council, according to Thomas H. Sheppard, deputy master of the Richland county Granges.

The contest is open to all young men and women regardless of Grange membership who will be not more than 20 years old in June 15, closing date of the contest, Sheppard said.

There will be both state and national prizes totalling $15,000. The first national prize is a 1949 car, second prize, a smaller car; third $750 and fourth, $250.

State prizes include first, $150; second, $75 and third, $50.

All essay entries must be sent to any of the following subordinate granges in the county by June 15.

Butler, Melvin Yoha, Shiloh, R. D. 1; Columbian, Ray Williams, Lexington, R. D. 1; Jefferson, Fred Dill, Bellville, R. D. 1; Ganges, Wayne Mellick, Shiloh, R. Bills to 'Put Two New Stars In Flag' Come Up Again Soon

By HOYT KING

WASHINGTON — (CP) — Pretty soon now Congress will again take up the question of statehood for Hawaii and Alaska, just like a year ago.

There are sound pros and cons in both cases, and among them probably nobody will talk very loudly about the fact that statehood pledges are in both Democratic and Republican platforms.

Rep. J. Hardin Peterson (D) of Florida, who will handle both bills when and if they reach the House floor, is "convinced that the majority of the House members will favor passage for both measures."

However, there will be opposition. Southern lawmakers will oppose Hawaii, for instance, on racial grounds. Hawaii is two-thirds Oriental. Of the two-thirds, Hawaiians are in third place in numbers.

Through intermarriage with other races Hawaiians are dying out as a race. Though Caucasians rank first in numbers, Japanese rank second. The large Japanese group will make good anti-state-hood fodder, so close to the Pearl Harbor sneak attack.

Says Rep. John Rankin (D) of Mississippi: "I'm opposed to granting statehood to Hawaii. It's a military outpost and we've got to keep it as such, which we could not do if it were a state."

Joseph R. Farrington, Hawaii's delegate (he can't vote but he can talk) to Congress, is sponsor of the Hawaii bill. He thinks prospects for action are better this session than last, when the bill died in the Senate. He's hoping for action by Easter.

Sponsor of the Alaska bill is E. L. Bartlett, Alaska delegate.

The House Public Lands committee okayed both bills with only one dissenting vote.

Head of the Senate interior and insular affairs committee, Senator Joseph C. O'Mahoney (D) of Wyoming, voted for Alaska statehood last session.

★

REP. JOHN B. WILLIAMS (D) of Mississippi opposes statehood for both "because of the principle it establishes. There should be no precedent set for the annexation of any territory as a state that is not contiguous to the United States. The case for Alaska does have more merit but I don't see any immediate need for legislation."

Rep. Peterson says opposition such as this is "not concerted" and won't be able to stop the bill if it reaches the House floor.

There is not any regional opposition to Alaska (such as the south might marshal against Hawaii). The Pacific northwest is divided on whether Alaska is "ready"—and Alaska itself is similarly divided. Senator Warren Magnuson (D) of Washington is on record "for."

Division within Alaska runs like this:

Would Alaska get as much federal money as a state?

Since the government owns 96 per cent of Alaska land, could the privately-owned 2 per cent stand the taxes to support a state government? There is hope now that Uncle Sam will build a much-needed highway system.

Who actually is rightful owner of Alaska? "Aboriginal" lawyers for the Indians and Aleuts and Eskimos claim their "clients" own it, which clouds title rights, which in turn is a hindrance to big-money investment.

Rep. Rankin's argument that Hawaii as a territory is better-controlled for defense might also apply to Alaska, which in case of war would be a takeoff point for bomber flights to northern Europe.

Politics in the pure sense figures, too. Hawaii would have two senators and probably two representatives. Alaska two senators and one representative.

Senior Play Stage Setting Features Victorian Pieces

A Victorian setting will be seen on the stage at Senior high school auditorium Thursday night when members of the graduating class present the comedy, "Personal Appearance" at 8:15 p. m.

The action takes place in the living room of Mrs. Struthers played by Jean A. Robinson, who is an aunt of the hero, David Stanton. Old-fashioned flowered drapes, a hall tree and a large bay window make a setting for small-town family life. Into this atmosphere comes the Broadway actress, played by Audrey McCoy. She attempts to interest the small town boy but is thwarted by Mrs. Struthers.

Most of the Victorian style furniture has been donated by senior class members, who raided their family attics for the antiquated pieces.

The scenery was painted and built by members of the stage-crew, and the Class Play Properties committee. The stage-crew includes Raymond Stretch crew-head, Orlo Smith, Jed Hermes, Denny Shrader, and Don Hart. The properties committee consists of Susan Stoodt, chairman, Mary Biddle, Diane Zerbach, Pat Jackson, Bette Bauman, Bob Mathews, Merlyn Blackburn, and Gloria Weimer.

BETA SIGMA PHI SORORITY HAS PLEDGE CEREMONY

International Representative Reads Pledge Ritual for Thirty Young Women Tuesday.

MRS. RACHEL STODDARD, of Kansas City, Mo., international representative of Beta Sigma Phi sorority, read the pledge ritual to thirty pledges of Epsilon Iota and Epsilon Tau chapters of the sorority. The organization met last evening in the Mansfield-Leland hotel.

The impressive formal candlelight ceremony was carried out with beautiful simplicity. The centerpiece of yellow roses was surrounded by long yellow tapers in crystal holders. This arrangement formed the setting for the sorority's crest on the white satin altarcloth.

Assisting Mrs. Ruff with the ceremony were the chapters' presidents, Mrs. Frank Hoffer of the Tau group, who read the vows to the pledges, and Mrs. Paul Lantz of the Iota chapter, who attended the display.

The pledges admitted to the two chapters are Mrs. Charles R. Atton, Mrs. Robert G. Bobst, Mrs. C. W. Bracon, Mrs. Fred F. Clift, Miss Marguerette DePue, Mrs. Howard R. Downard, Miss Elaine L. Guiler, Mrs. Robert W. Hall, Miss Mirian Hardin, Mrs. Pierre E. Haver, Miss Bernice L. Henry, Mrs. Fred G. Hoagland, Miss Alice Karsmizki, Mrs. James M. Kennedy, Mrs. Carl A. Laubscher, Mrs. Howard P. Lee, Mrs. Eugene P. Lewis, Mrs. Peter J. Linster, Mrs. Doris L. Massa, Mrs. Eugene R. Matuck, Mrs. Gerhard W. Miels, Mrs. John M. Pasheilich, Miss Jean Schuler, Mrs. William Shaffer, Mrs. Floyd Sheldon, Mrs. Thomas Stecker, Mrs. George N. Smith, Miss Nina Jean Stash, Mrs. Fred J. Wright and Mrs. Robert C. Winters.

Door attendants were Miss Ruth Spring and Miss Kaye Niman. Pledges were admitted by Miss Betty Keller and Miss Norma Prion. Mrs. Joseph Speakman and Miss Loretta Fink were in charge of the appointments.

During the ceremony, several piano selections were given by Mrs. V. P. Thompson.

Yellow rosebud corsages were presented by each chapter to their presidents and to Mrs. Ruff. Mrs. William J. Hazeltine, sponsor of the sorority, was also in attendance. She was presented with a corsage by her chapter, Epsilon Tau.

Garden Center Lecture Well Received

Over one hundred women were present for the open lecture luncheon meeting given by the Mansfield Garden Center yesterday at the Sky Club to hear Arnold Davis, director of the Cleveland Garden center discuss "Gardening as a Hobby".

Mr. Davis's talk was very entertaining and humorous, although concealed beneath the humor were many worth while remarks. He remarked, "A hobby gives one an excuse to spend money trying to outdo the next fellow." He claimed that in gardening one can spend as much money as a fishing or golf enthusiast. The various aspects of gardening from a simple lawn to the cultivation of orchids, were discussed.

An arrangement of snapdragons, tulips and huckleberries decorated the main luncheon table. Mrs. Harry Longsdorf was in charge of decorations. Mrs. Robert Ross and Mrs. Boyd Hartman took care of reservations and hospitality was in charge of Mrs. O. G. Place and Mrs. H. N. Keene. There were several women present from towns near Mansfield. Loudonville was represented by ten.

Circle Seven Has Varied Program

Circle Seven of the First Methodist church met Monday evening at the home of Mrs. Elizabeth Whiteside, 85 Rowland avenue. The associate hostesses were Mrs. E. N. Cooper and Mrs. J. W. Newton.

There were eighteen members present and three guests, Mrs. M. H. Harrah, Mr. R. L. Gutterman and his daughter, Carol. The meeting was in charge of the president, Mrs. Stuart Baird. Mrs. Martin Merchdorf reviewed a chapter from the study book, "China, Twilight or Dawn?" Carol Gutterman entertained the members with selections on the piano. Refreshments were served by the hostesses. The next meeting will be held April 25 at the home of Mrs. William Campbell, Chevy Chase road.

Jane Stough Given Shower By Miss Kaler

Sixteen guests attended the linen shower for Miss Jane Stough, bride-elect, given by Miss Frances Kaler Monday evening. The affair was held at the home of the honoree's mother, Mrs. Foster Stough, 231 Rae avenue.

Guessing games were the diversion of the evening with prizes being awarded to Mrs. Frank Miller, Mrs. Paul Dewhurst and Miss Eileen Dewhurst. They in turn presented the prizes to Miss Stough.

The mantel was attractively decorated with aqua and white streamers coming from the bride-elect's picture to a table filled with her gifts. Above the gifts was suspended a sprinkling can.

At a late hour a buffet luncheon was served from a table decorated with aqua and white streamers. Spring flowers centered the buffet.

Miss Stough, bride-elect of Raymond Kiraly, will be wed in a formal open church ceremony at 2:30 o'clock Saturday, April 23, in the First Methodist church. The Rev. Charles W Stoneburner will officiate for the service.

Miss Stough has chosen as her maid of honor a close friend from Crestline, Miss Barbara Beck. Bridesmaids will be Miss Connie Derr, Mrs. Richard Davis and Miss Madeline McConachi, Bellville, all friends of the bride. Little Dorothy Fligoi, cousin of Miss Stough, will be the flower girl. She is the daughter of Mr. and Mrs. Allen Fligoi, Chillicothe.

Wilbur Bookwalter, friend of Mr. Kiraly, will serve as best man. Guests will be escorted to their pews by Richard Thomas of Galion, Dwight Miller and Kenneth Schelk, all friends.

Miss Stough graduated from Mansfield Senior high school and Minnick's Beauty school. She is employed at Kaler's Beauty shop. Mr. Kiraly, also a graduate of Mansfield Senior high school, served two and one half years in the U. S. Army, eighteen months of which was spent overseas. He is an employe of the American Electric Products company.

LESSION STUDY GIVEN

The Gleaners Bible club met at the home of Mrs. Carl Stough, Grant street, with Mrs. J. R. Wolfgang, president, presiding. Mrs. Wolfgang also led the devotions. The lesson study on Exodus was given by Mrs. Imo Davis. The next meeting will be held at the home of Mrs. Dan Edward, 589 Grant street. Mrs. John Miller will lead the lesson April 8.

Cover Your Chairs and Yourself With Glory-Make Slip Covers

PERHAPS IF THE CHAIRS in your house could speak they'd ask for a 'face-lifting' for spring. But, poor you, you'd answer: "Oh, my aching budget, I can't afford new slip covers. They're too expensive."

Making slip covers isn't as hard as it sounds. True, there are tricks to simplify the job, but if someone showed you those tricks, don't you think you could do it.

Of course you could.

An eight-page story, outlining each step in the making of slip covers, written by Mary E. Monze, decoration editor of The American Home magazine, appears in the magazine's April issue. This how-to-do-it feature shows, through text and almost 60 photographs, how to measure for correct yardage, how to pin, fit, baste, stitch and finish a chair cover.

Using one squat, comfortable but seedy-looking chair as her guinea pig, Mrs. Monze transformed it into a self-respecting piece of furniture. The tricks she used can be your very own, and here they are.

First, carefully measure your chair for yardage. Get a note book and jot them down. (Measure each of the chair's surfaces, back, seat, arms, cushion, distance around the bottom of the chair, etc. Then add up lengthwise (not width) measurements and divide by 36 inches. This will be a basic yardage but add an extra yard if the fabric has a design that must be centered. Allow 2 inches for all seams, plus 3 inches for 'tuckin' on the inside of the chair at back, sides and seat.

Now consider your material. It should be pre-shrunk, fast color and sturdy in weave. For the chair illustrated in her article, Mrs. Monze used a new, tested, sateen-type fabric by Kandell, which will be identified as an "American Home Magazine Selection". The fabric retails for about $2.50 per yard and is available in a choice of five color combinations.

Using a fairly large table for cutting, the next step is to block out, with chalk and ruler, the shape of pieces to be cut. For example, if the chair back measures 39 inches high and 26 inches wide, plus the 2 inch seam allowance, you should block out a piece of fabric which measures 43 inches by 30 inches.

The next step is to pin-pit the pieces on the chair—the back of the chair is the place to start. Center the pattern, place pins lengthwise starting from the center and work out in either direction. This insures a neat fitting cover,

The pieces then are ready to sew together. If you are using a corded edging — white cotton cord covered with bias strips of material — stitch the cording to one piece at a time, unless it is a joining on a straight seam and then the two pieces can be joined in one operation.

Mrs. Monze suggests that by pressing the cover as the sections are stitched you will have a more tailored and professional result.

The great advantage in home sewing today is that the modern sewing machine has different attachments for doing a good job. Mrs. Monze used the cording foot and the bias cutting gauge on her Singer machine to make the neat, tight joining cord. She could regulate the tension for different lengths of stitches.

The photographs in the article show the steps close-up so that the beginner doesn't miss the detail work. The text explains just what to do when! Piece by piece sections are completed — when the back is done do the chair arms, then the seat and lastly the skirt.

Maybe the projects sounds terrifying—you've never made a slip cover and you wonder whether you'll ever finish it once you've started. Go ahead — try it, tack up the pictures and the text to guide you and shoo the kids, the cat and the pup out to play. You're going to make something useful and beautiful!

The cost of each chair cover will vary with its size. Mrs. Monze's chair cost approximately $24. If your chair is smaller it will take less yardage and using the same type of fabric it will therefore cost less. If you use a fabric which costs more per yard your chair will be more costly.

Whatever you pay it will be cheap considering how much brighter your room will look and the praise you'll get from your family. And then too, wouldn't that first attempt prompt a second — for that anaemic loveseat just across the room?

CAPE JACKETS . . . These are top news in all New York collections. One version is the costume at left—a tie silk dress topped by a brief cape-sleeved wool jacket lined in the print, by Paul Parnes. At right is a dress and matching hip-length cape in navy wool, slated for top honors in the Easter parade.

By GENEVIEVE KEMBLE

For Thursday, March 31

THERE is splendid presage for a surprising, perhaps dramatic, turn to a difficult or critical situation, this by dint of hard work, concentrated efforts backed up by serious study of underlying factors of a blocked, frustrated or stubborn state of affairs. Marshalling all available forces, grasp of practical and basic fundamentals with determination and diligence in face of all obstacles, may attract surprising support from influential sources, ready with needful funds for promoting the bright idea with sound techniques. Enhanced prestige and personal popularity also figure as reward with fitting celebrations.

For the Birthday

Those whose birthday it is, are under propitious aspects for a period of rich attainments, with enhanced personal popularity, social recognition, and generous endorsement and cooperation from high places. This is due to appreciation of unusual versatility, astute tactics, keen analysis of a difficult or seemingly hopeless situation. Detail, new ways and means, change, and far vision all combine to swerve into lucrative channels of achievement and worthy purpose. All this will have happy reactions on the private and professional life, with expanding and enhanced prestige.

A child born on this day by its sterling qualities of character, its versatility and worthy ambitions, should have a rich and happy life.

TEMPTING TIDBITS. Blend cream cheese with marmalade. Core spicy red Washington Winesap apples and cut into wedges. Arrange wedges in a ring on a dessert plate with cheese-marmalade mixture in the center. Eat by dipping apple wedges into mixture.

SouthernNewspaper Man Deplores Southern Cooking

ONE OF THE MOST overrated items in the world is Southern cooking, according to Ralph McGill, a Southern newspaperman. In the current Saturday Evening Post, Mr. McGill deplores the corrupted corn bread, chicken fried in old crankcase oil, salad dressing fit only for drowning witches and similar culinary crimes which have spread a blight across Dixie.

"Poor cooking has become standarized across the nation, but in the South it has been glamorized," Mr. McGill writes. "There is a theory current among Southern gourmets that. . .practically all the anti-Southernism in the breasts of persons in political and editorial capacities, stem from their stomachs and an unhappy experience with Southern cooking.

"There is magnificent Southern cooking. . .but relatively few Southerners ever know of it, much less eat it. It must be sought, as must good cooking anywhere, and most of it is in the homes."

Because of his 228 pounds, Mr. McGill customarily lunches on a lean lamb chop, tossed salad and a pale green sherbert. But he is willing to share favorite recipes with those who can enjoy them. Among those presented in the Post is Southern fried chicken:

"Items: 1½ to 2 pound fryer cut into pieces for frying 1 to 1½ teaspoons salt; ¼ teaspoon pepper; 1 cup flour; 6 to 8 tablespoons bacon drippings or cooking fats or oil.

"Wash pieces of chicken well. Salt and pepper and roll each piece in flour, coating well-this will give the chicken the brown crust. Heat fat in skillet, add chicken, but do not place pieces on top of each other. Place lid on skillet so that steam will escape-this will prevent the outer crust from getting soggy. Saute underside 15 minutes on medium heat until a golden brown. Then turn and brown the other side 15 minutes longer. Remove chicken from skillet when very tender and place on brown paper to absorb excess fat.

New Look Fading, Slim Silhouette Now Reappearing

The new look seems to be through and the slim silhouette appears to be on the way back, according to fall fashion trends noticed in the second annual fashion fair at New York.

Now more than ever women are trying frantically to take off the extra bulges.

In recent months many weight-reducing preparations have appeared on the market, some of them based on "the diet and vitamin plan," which means cut down on the intake of food and fortify with vitamins for hunger distress.

A survey among drug stores in Ohio shows that one preparation, Rennel, which is the outstanding seller in the reducing field, is not based on this vitamin plan.

Any Ohio druggist can supply you with 4 ounces of Rennel. Just add this to 12 ounces of canned grapefruit juice and take according to directions. No starvation diet.

The makers of Rennel guarantee to refund your money if the very first bottle does not show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves.

Four ounces of Rennel costs little and hundreds of Ohio women have highly endorsed it.

Set Up Grain Allotments

The Richland county Triple-A organization has started work on county wheat allotments which are expected to be returned next fall in a move to curtail production.

The allotment program was dropped during the war when farmers were urged to produce more grain to feed the hungry nations of the world.

Guy L. Taylor, county AAA chairman, said the control program is being revived so overproduction of wheat won't bring the price down to the level of depression days.

Township AAA committeemen are contacting all farmers to compile a list of average acreages of wheat in the county for the years 1945 through 1948. The list will be used to determine the allotments of wheat acreages for Richland county farmers.

Taylor reminded farmers today that the deadline for the 1949 AAA program is tomorrow.

Most farmers show by their applications that liming and fertilizing pastures and hay fields again will be the leading conservation practice. Taylor said.

Drugless Health!

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can now hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil. NO harmful drugs, NO dope — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hipocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

RHEUMATISM, arthritis are dreadful diseases. Acid coddition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgie. He was helped or would not have gone there twice a year.

Wonder Minerals

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it! Also examine your urine. You may see impurities — poisonous waste — coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

Read What They Say!

"We wish to state that after selling Geo-Mineral for eight months, this product has broken all sales records in the medicine line in our drug store"—reports Jack Wright, owner of Economy Drug Co., Anderson, S. C. "Users report almost miraculous results helping sufferers with rheumatism, arthritis, weak kidneys, and various stomach ailments. We believe that there exist very few items on the druggists' shelf with the merit of this natural mineral medicine. Of thousands of bottles sold on guarantee basis, there have been very few refunds."

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

Farmers Begin Their Oats Seeding

Advised to Select Varieties Carefully

Richland county farmers began preparing their ground this week for oats seeding.

Guy L. Taylor, county AAA chairman, has reported that some fields have already been drilled.

But with the great majority of fields yet to be planted, W. G. Stover, grain expert in the botanical department of Ohio State university, has warned farmers against the planting of Vicland oats.

C. N. McGrew, Richland county extension agent, also strongly advised against this variety which was once widely grown throughout the state.

The main criticism of Vicland is its extreme susceptibility to Victoria blight, McGrew said.

PRODUCE BETTER

With certified seeds available that are less likely to be affected by the disease and produce a much higher yield per acre than Vicland, McGrew saw no reason why the out-moded variety of oats should be used.

Clinton oats has been recommended above all other types of oats by both McGrew and Stover and other farm spokesmen.

Exhaustive tests and comparisons by the State experimental farm and yield comparisons from many farms show that Clinton is the highest yielding oats in northern Ohio, the farm agent said.

Besides its high yield, Clinton is the most resistant variety known against loose and covered smuts, stem and leaf rusts, and the Victoria blight.

Clinton 59, a recently improved variety of Clinton, also is available in some areas. This type of Clinton is even recommended over the old-line Clinton.

The new variety, Clinton 59, is more uniform in height, ripens more evenly throughout the field, and produces consistently year after year.

Another feature of Clinton, and especially prominent in the Clinton 59 variety, is a very strong stalk or straw which is of prime importance in this day of mechanized farming with combines.

Losses due to plant diseases can be reduced to the absolute minimum through the additional use of the proper fungicide in treating the seeds before planting.

AUSTRALIAN FARMERETTE—Definitely a major leaguer when it comes to running a farm, attractive Margaret McIntosh takes time out from some of her more arduous chores to relax on her Nar-Nar Goon, Australia, stud farm with four of her "pals." The three Collie pups and the kitten in the bucket take it as matter-of-fact, the numerous first prizes which their young mistress has won at many agricultural and country shows.

Recover Bodies of 4 American Fliers

TOKYO — (INS) — Bodies of four U. S. airmen who died in the crash of a bomber on the slopes of Mt. Fuji, were recovered today by a ground search party.

The B-26 crashed Sunday and a helicopter spotted the wreckage yesterday.

Poultrymen Urged to Feed Alfalfa Hay to Chickens

The feeding of good alfalfa hay to poultry should be as routine as the feeding of hay to dairy cattle, D. D. Moyer, extension poultry specialist of Ohio State university, advises chicken raisers.

The recommendation was made by Moyer and C. M. Ferguson, director of the Ohio State extension service, in a report showing how increased production from hens could be realized through proper feeding and managing.

They add that green-leafy material should be included in the hens' bill of fare at all times for a complete diet.

Ferguson advises that when a 20 per cent laying mash is being fed, a limited amount of whole grain also should be used.

With a 20 per cent ration, he recommends 10 to 12 pounds of grain per day per 100 Leghorns or 12 to 14 pounds per 100 birds for heavies. Ferguson recommends feeding one-third of the grain in the morning, the other two-thirds in the evening and the use of a 24-32 per cent mash in a cafeteria method of feeding.

Here's New, Old Law On Rent Control

Provisions Are Compared

WASHINGTON — (AP) — Here is a comparison of the major provisions of the new and old rent control laws:

DURATION

NEW: Would extend rent controls 15 months, through June 30, 1950.

Old: Expires Thursday. It has been in effect since April 1, 1948.

DECONTROL

New: Individual states can remove rent controls throughout the state, or in parts of the state, if the legislature passes a law calling for that and the governor approves it. If the governor vetoes it, the legislature could override him.

Separate machinery is provided for decontrol of incorporated cities, towns and villages on their initiative. It would work this way: the governing body of the community, after a public hearing announced 10 days in advance, would have to pass a resolution calling for decontrol. If the governor disapproved, that would end it. If he approved, the community would have to be decontrolled by the federal housing expediter.

Old: There can be no decontrol unless the housing expediter approves it. Local rent advisory boards submit recommendations, but the expediter can reject them.

INCREASES

New: It requires the housing expediter to fix rents at a level to assure landlords a "fair net operating income X X X so far as is practicable."

Old: Sets up certain "hardship" criteria which the landlord must meet to qualify for an increase. The law also has a section, permitting rent increases up to 15 per cent when the landlord and tenant agree on that in exchange for a lease barring additional increases for a specified period. That section is not in the extender.

(Senator Sparkman, Alabama Democrat who helped draft the new bill, said he thinks the practical effect of it will be to continue practices about as they are.)

EVICTIONS

New: It empowers the housing expediter to write eviction regulations designed to apply uniformly throughout the country.

Old: Federal jurisdiction over evictions is limited. Local eviction laws govern for the most part.

TREBEL DAMAGES

New: The expediter can sue for triple damages in case of rent overcharges.

Old: Only tenants can sue for treble damages, and few do.

RECONTROL OF AREAS

New: The expediter is authorized to recontrol any areas he decontrols on his own initiative after March 31. He could recontrol areas freed of rent curbs before that date only if the local rent advisory board recommended it.

Old: The expediter has no authority to recontrol.

TRAILER CAMPS

New: They will be recontrolled.

Old: They are free of rent curbs.

LUXURY HOUSING

New: The housing expediter is given discretion to decontrol so-called luxury apartments. The senate bill classified places renting for $290 or more a month as luxury dwellings. The conference committee struck out that figure and gave the expediter authority to fix the cut-off rent.

Such places would be decontrolled only when the expediter found that as a result single units would be converted into two or more dwellings to create more housing.

Old: Luxury housing is under rent control.

Residential Hotel Apartments

Non-transient hotel apartments in New York and Chicago will be recontrolled, and the rents for such place "frozen" at the level of March 1, 1949.

Old: All hotel rooms, transient and residential, are free of rent ceilings.

Sentence Delayed

Sentencing of Elmer E. Chronister, 30, of Plymouth, a former Mansfielder, who pleaded guilty to the $2,350 holdup of the Farmers Citizens Bank at Tiro last July 27 has been deferred in the federal court at Cleveland.

Federal Judge Paul Jones said sentencing was deferred pending trial of Homer Brown, 23, of Shiloh, who has pleaded innocent to the charge.

Chronister was captured Feb. 19 at the home of his wife in Euclid by FBI agents. Two days later the FBI announced that Brown, serving 18 months for transporting a stolen car from near Shelby into Kentucky, also would be charged in the robbery. The two were indicted for the robbery by a federal grand jury March 18.

Sees Continued Demand For Steel

CLEVELAND — (INS) — Tom M. Girdler, chairman of the board of Republic Steel in Cleveland, said today that a continued strong demand for steel is anticipated for the first half of 1949.

In an annual report to the company's stockholders, Girdler pointed out that the last months of this year will probably see a balance between the supply and demand for steel.
